FROM THE ACCOUNTANT GENERAL

TO THE GOVERNMENT OF MADRAS,

TO THE

Chief Secretary to Government
of Madras

SIR,

I have the honor to bring to the notice of Government that yesterday while the records of the stamping department were being searched in connection with the enquiry now going on before Mr. Thornhill, a further delinquency on the part of Hyasani was discovered -

2. In May 1871 certain engravers signed the document copy of which accompanies this letter and is marked A. by which it will be seen they were to receive Rs. 300. for making 20 plates of 30 dies each from the master given them at the rate of 8 annas a die -

3. On the 13th Feb 1872 a document appears to have been laid before Mr. Donald with Hyasani's initials attached in proof of its correctness in which Rs. 350 were charged for payment to the engravers for engraving 20 plates or 35 Rs. more

than should have been charged
to the Mysore Government.

Rs. 233 were also charged for
the Manager himself.

4. This document copy of which
marked B is sent was signed
by Mr. Donald as the assistant
in charge and the amount was
recovered from the Mysore
Government.

5. I believe that Mr. Donald
was deceived by Dyasani and
signed this document implicitly
trusting to its correctness, when
attested by the initials ^{of the latter} as
Manager there being nothing
on record to show that there
was any authority for the
extra charge on account of
engraving or for the very large
sum taken by Dyasani himself
for whom I as officiating ac-
countant General only asked
the Mysore Government for an
allowance when papers were
being stamped.

6. I have shown the proofs of

this supposed fraud to Mr.
Thornhill and in consultation
with him have decided on
writing to you at once requesting
you to let me know by telegraph
whether Mr. Thornhill may
make enquiries into this further
charge which I prefer against
Dyasani.

I have the honor to be
