To

The Under Secretary to the Govt. of India.

Department of Revenue, Agriculture and Commerce

Sir,

By P & O Co's Steamer with this letter, I have had the honor to address, to the care of the Superintendent of the Royal Botanical Gardens, Calcutta, for the use of the Government of India, a case of nuts of Arancaria Bidwilli, the beautiful "Bunya-Bunya" Pine of Queensland. The nuts are in fine condition; and as every care has been taken in packing them, the Council hope to hear that they have reached their destination with unimpaired vitality.

In the same box, I have taken the liberty of including packages of similar contents for the Commissioners at Sind - and the Hon. Secretaries of the Agricultural-Horticultural Societies established respectively at Madras, Bangalore, Nagpore, and Rangoon; which the Council respectfully request that you will oblige them by forwarding to their destinations.

The Council desire me to advert to the fact that

that it is long since any expression of the requirements of the Government of India, in respect of Plants and seeds from Queensland, has reached them; but that they continue most anxious to exert in every way in their power the cause of Forestry and Horticulture in India.

Advice has been sent to the Superintendent of the Gardens at Calcutta of the box now referred to, in order that possession may be obtained without delay; and reference has been made to that Gentleman to the present requirements of this Society.

I have &c

Vice President.
