*Proceedings of the Madras Government, Revenue Department,
12th July 1875.*

No. 119. Read the following letter from J. E. O'CONNOR, Esq., Assistant Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce, (Agriculture and Horticulture,) to A. MACGREGOR, Esq., Acting Secretary to the Government of Madras, Revenue Department, dated Calcutta, 26th June 1875, No. 195/C:—

I AM directed to request that, with the permission of His Excellency the Governor in Council, you will be good enough to state whether any experiments have at any time been made in Madras in the cultivation of the Carob tree (*Ceratonia Siliqua*), and with what results. Attention has recently been directed to this tree with a view to its introduction into parts of India suited to its cultivation, and the Government of India is desirous of being furnished with all the information regarding former experiments which can be obtained from official records or from other sources.

2. An early reply is requested.

No. 120. ORDER THEREON, 12th July 1875, No. 1,042.

Miscellaneous.

COMMUNICATED to the Board of Revenue and Inspector of Forests who will report whether any information

regarding the Carob tree is on record in their offices.

2. In paragraph 33 of the report of the Superintendent of the Botanical Gardens, Ootacamund, for the year 1873-74 mention is made of some seed of this tree having been planted at Burliar and distributed to planters, but in the report for last year nothing is said as to the success of the experiment.

The Commissioner will now call upon the Superintendent to furnish a further report at a *very early* date.

3. The Agri-Horticultural Society, Madras, will also be requested to state whether their records contain the history of any experiments in the cultivation of the Carob tree.
