*Proceedings of the Madras Government, Revenue Department,
12th July 1875.*

No. 125. Read the following Proceedings of the Board of Revenue, dated 23rd June 1875, No. 1,741 :—

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Chittoor, 18th December 1874, No. 688 :—

ADVERTING to the Proceedings of the Board of Revenue, dated 9th June 1874, No. 1,400, I have the honor to forward a revised statement showing the amount of compensation due to the Jaghiredar of Arni for lands taken up for the several roads passing through his Jaghire lands, and prepared agreeably to the observations made by the Board in paragraphs 3 and 4 of the Proceedings under reply.

2. It will be seen that the extent of the unassessed waste land taken up for the roads noted in the margin is Acres 63-26 and the assessment thereof amounts to Rupees 133-6-9. Half of this assessment is Rupees 66-11-4, which should be remitted from the peishcush under this item. The amount of compensation for past years, calculated at that rate from the year following that in which the road was commenced, is Rupees 704-14-5, and the interest, calculated according to the principles pointed out in paragraph 5 of the Proceedings of the Board of Revenue, dated 20th April 1874, No. 925, amounts to Rupees 225-0-3. Thus the entire amount of compensation for past years, with the interest thereon, due to the Jaghiredar under this item of unassessed waste lands taken up for the roads is Rupees 929-14-8.

3. It would also appear from the same statement that the extent of the assessed lands taken up for the same roads is Acres 144-75 and the assessment thereon is Rupees 447-4-5. The amount of compensation for past years, calculated in the same manner as in the case of unassessed waste lands, is Rupees 4,532-10-10, and the interest thereon, calculated as in the former case, amounts to Rupees 1,368-4-2. Thus the whole amount of compensation for past years, with the interest thereon, to be disbursed to the Jaghiredar under this item of assessed lands is Rupees 5,900-15-0.

4. It would thus appear that the amount of compensation for past years, with the interest thereon, is Rupees 6,830-13-8 as shown in column 12 of the enclosed statement, and to this alone the Jaghiredar is entitled under the two items of unassessed waste and assessed lands. The entire amount to be remitted from the existing peishcush is Rupees 513-15-9 as shown in column 13 of the same statement under the said two items: hence the present peishcush of the Jaghire, which is Rupees 5,932-9-6, will in future be Rupees 5,418-9-9.

5. In the statement submitted to the Board with my letter, dated 5th December 1873, No. 761, embodied in their Proceedings under reply, the assessment on the unassessed waste lands taken up for roads Nos. 1, 4, 5, and 7 and for portions of roads Nos. 2 and 3 was left out. This omission has now been supplied, and the assessment calculated at the lowest dry rate obtaining in each village in which the lands in ques-

*Proceedings of the Madras Government, Revenue Department,
12th July 1875.*

tion are situated: hence the difference in the amount of compensation as shown in the present and former statements under this item of unassessed waste.

6. The necessary corrections in the totals of columns 9 and 18 in the statement submitted with my letter already adverted to have been made in the office copy according to the correct figures pointed out in paragraph 5 of their Proceedings under reply, and I beg to request that corresponding corrections may be made in the fair copy in the Board's Office.

With the letter recorded above the Collector submits a statement of compensation due to the Jaghiredar of Arni on account of lands taken up for the roads mentioned in paragraph 2 of his letter.

2. The compensation proposed is as follows:—

(1). Reduction of peishcush by Rupees 513-15-9.

(2). Compensation for loss of revenue, being the assessment on the lands for the period the Jaghiredar has been out of possession of them, amounting, with interest at six per cent. per annum, to Rupees 6,830-13-8.

3. The Collector has calculated the assessment for past years up to the end of Fasli 1283, and also interest up to that date except on the assessment due for Fasli 1282, as the interest on that sum becomes due only for Fasli 1283 in which he expected payment. As Fasli 1283, however, has expired, and as no payment is likely to be made before the end of Fasli 1284, the Board have added to the Collector's figures interest up to the end of Fasli 1284 and also the assessment of Fasli 1284 without interest. The total sum thus calculated amounts to Rupees 7,689-13-4 as shown in the margin chargeable to Local Funds.

As per Collector's statement..	RS. 6,830	A. 13	P. 8
Add assessment for Fasli 1284.	513	15	9
Add interest on the assessment for Fasli 1282 and on the accumulated assessment for Fasli 1283	344	15	11

Total. 7,689 13 4

was in excess of estimate by Rupees 4,608. But there are heavy demands on the fund, amongst other things for a share in the Palar Bridge. The principal (Rupees 5,751-9-0) might perhaps be paid this year, and the interest allowed to run on. The President will report without delay whether this sum can be paid in the current year, or what portion can be so paid, and what deferred for payment with interest next year. It is observed that the current year's Road Fund reserve is Rupees 6,035, and the opening balance 5,751-9-0 might perhaps be paid this year, and the interest allowed to run on. The President will point out a source whence payment can be made.

Present Peishcush.	Reduction proposed.	Future Peishcush.
