No. 234. Read the following Endorsement of the Under-Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce, No. 367:—

Read the following letter from A. O. FUME, Esq., C.B., Secretary to the Government of India, Department of Revenue, Agriculture, and Commerce, (Statistics,) to the local Governments and Administrations, dated Simla, 8th July 1875, No. 9/358—366:—

It has come to the notice of the Governor-General in Council that the Prices Current furnished to the Commissariat Department from bazaars by Native officials are in many cases inaccurate and untrustworthy; and as that department is at times obliged to accept the rates given therein as absolute guides in checking charges, and they are also the guide for the local audit officers, they are not only useless but become injurious to the interests of Government.

2. These Prices Current are, of course, quite distinct from those published by the local Government in the *Gazettes*, for the correct preparation of which instructions were issued in Circular No. 6/146—155, dated 20th March 1872, and it is obvious that, with the agency employed in their preparation, it cannot but be difficult to secure accuracy; but looking to the purposes which they are intended to serve, the Governor-General in Council considers that every effort should be made to render them as trustworthy as possible, and I am to request that you will be good enough to take such measures as may seem desirable to effect this. As a step in this direction, I am to suggest that all such Prices Current should be signed in full by the Native officials who are responsible for their correct preparation, and that it should be impressed upon such officers that Government will hold them responsible for any errors that may be subsequently detected in them.

COPY forwarded to the Government of Madras for information in continuation of Circular No. 6/146—155, dated 20th March 1872, and for such action as may appear necessary.

SIR,

It has come to the notice of the Governor General in Council that the Prices Current furnished to the Commissariat Department from bazars by Native officials are in many cases inaccurate and untrustworthy, and as that Department is at times obliged to accept the rates given therein as absolute guides in checking charges and they are also the guide for the Local Audit Officers, they are not only useless but become injurious to the interests of Government.

2. These Prices Current are of course quite distinct from those published by the Local Governments in the *Gazettes*, for the correct preparation of which instructions were issued in Circular No. 10, dated 20th March 1872, and it is obvious that with the agency employed in their preparation it cannot but be difficult to secure accuracy; but looking to the purposes which they are intended to serve, the Governor General in Council considers that every effort should be made to render them as trustworthy as possible, and I am to request that you will be good enough to take such measures as may seem desirable to effect this. As a step in this direction, I am to suggest that all such Prices Current should be signed in full by the Native officials who are responsible for their correct preparation, and that it should be impressed upon such officers that Government will hold them responsible for any errors that may be subsequently detected in them.

I have the honour to be,

SIR,

Your most obedient Servant,
