MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Revenue DEPARTMENT

G.O. No.	1113	Press
B.P. No.		Mis.
Dated	26. 7.	1961875

Not to be folded or roughly handled

No. 257. Read the following Proceedings of the Board of Revenue, dated 25th June 1875, No. 1,762:—

Read the following letter from H. MORRIS, Esq., to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Blackheath, London 7th May 1875:—

IN reply to the letter of the Acting Sub-Secretary, dated the 24th of March, forwarding copy of G. O., dated 12th March 1875, No. 407, I have the honor to inform you that I have written ten chapters of the "Manual of the Godavery District;" and I have delayed answering the above letter for a few days, in the hopes that I might have been able to tell you that I had sent this portion of the work for your inspection and approval. The friend, however, who had promised to take it, forgot at the last to send me the address to which I was to send it. I will take the earliest opportunity of forwarding it to you.

2. The following headings of these chapters will show you the progress I have made. I may, perhaps, consider it necessary hereafter, to re-arrange their position.

Chapter I.—Description of the District.

Do. II.—History of the District to the Mahomedan Conquest.

Do. III.—From the Mahomedan Conquest to the French occupation.

Chapter IV.—From the French occupation to the cession of the Northern Circars to England.

Chapter V.—From the English occupation to the abolition of the Provincial Councils.

Chapter VI.—Early English Settlements.

Do. VII.—The Dutch and French Settlements.

Do. VIII.—History of the Godavery Anicut.

Do. IX.—Account of the Irrigation dependent on the Anicut.

Do. X.—Navigation of the Godavery.

3. I am busily engaged on the latter portion of the Manual, and I think I may promise that it will be ready in two or three months. I will certainly do my best to complete it as soon as I possibly can.

4. I find greater difficulty than I anticipated in procuring books and copies of orders relating to the district from the India Office. The officials in the Revenue and the Record Departments are most obliging and willing to assist me; but of course, they cannot give me copies of orders and minutes of consultation, unless I am able to state the numbers and dates, which I am not always able to do, even though I may know the subject.

5. I wanted to consult the General Reports of the Board of Revenue to the Honorable the Governor in Council sent home to the Court of Directors, which were published in three volumes at Madras in 1871. They were in the Collector's library at Cocanada; but copies were not sent to the India Office. I shall be much obliged if the Board will kindly send them to me. I shall also be glad of any papers connected with the present condition and completion of the irrigation works in the Delta.

6. The Board will, of course, give me instructions regarding the printing of the work, when I have submitted the concluding portion of it. Meanwhile, I

*Proceedings of the Madras Government, Revenue Department,
26th July 1875.*

shall be much obliged, if they will kindly let me know what they would like to be done regarding the map of the district which ought to accompany it. I have by me two neat little maps of the Masulipatam and Rajahmundry Districts, which I took out of Pharaoh's Gazetteer; but the Board will, perhaps, consider that they are not quite large or accurate enough. Preparing the map will probably take longer than printing the book. It will, perhaps, be advisable also to insert two or three plans or sections of the Godavery Anicut taken from the professional papers of the Madras Engineers.

7. I shall also be obliged if the Board will employ some one to copy out in Telugu, and to have translated into English, the lists of Chalukya Kings in Rajahmundry, &c., mentioned in Taylor's Catalogue Raisonné, Volume III., page 493. Messrs. Arbuthnot and Co. will defray for me any little expense for transcription.

SUBMITTED to Government with reference to G. O., dated 13th March 1875, No. 412.

2. In accordance with the request contained in paragraph 5, Mr. Morris will be furnished with a set of the General Reports of the Board of Revenue published in 1871, and with copies of G. O., dated 15th July 1874, No. 1,906, and 21st August 1874, No. 2,365, containing the latest information available in the Board's Office relative to the Godavery Delta. The Board have no spare copies of Volume III. of the Professional Papers of the Madras Engineers, containing sketches of sections of the Godavery Anicut. If a spare copy is available in the Government Office, the Board request that it may be sent to Mr. Morris together with any papers, other than those alluded to above, connected with the present condition and completion of the irrigation works in the Delta.

3. The Superintendent of Revenue Survey is requested to have a map of the Godavery District prepared, of a size suitable for insertion in the Manual; the proof will be sent to the Collector for any suggestions he may have to make.

4. The Board will procure a copy of the list of Chalukya Kings referred to in paragraph 7.

5. Mr. Morris will be furnished with a set of the revised forms of statistical tables prescribed for adoption. The Government have already in their Order of 20th September 1873, No. 1,020, approved the proposal that the work should be printed in England under Mr. Morris' superintendence after submission of the manuscript for the Board's approval.

(A true Copy and Extract.)

(Signed) C. A. GALTON,
Acting Sub-Secretary.

No. 258.

ORDER THEREON, 26th July 1875, No. 1,113.

Miscellaneous.

REFERRED to the Public Works Department with a request that a plan of the Delta works, section of the anicut, &c., and such papers regarding the irrigation works as the Chief Engineer thinks will be of use to Mr. Morris in his compilation, may be supplied for despatch to that gentleman.

*Proceedings of the Madras Government, Revenue Department,
26th July 1875.*

2. On the M. S. of the work being received by the Board of Revenue, Chapters VIII, IX, and X should be referred to the Chief Engineer for Irrigation for revision.

(True Extract.)
