*Proceedings of the Madras Government, Revenue Department,
27th July 1875.*

No. 290. Read the following letter from the Hon. D. ARBUTHNOTT, Inam Commissioner, to A. MACGREGOR, Esq., Acting Secretary to Government, Revenue Department, dated Madras, 12th June 1875, No. 163:—

With reference to G. O., dated 6th April 1875, No. 549, I have the honor to state that, if my interpretation of Mr. Taylor's offer is accepted, the Government would lose and Inamdar gain Rs. 283 annually, being the amount of water-rate on mamul wet of acres 70-80 (supposing the whole of it is annually cultivated), whereas according to Mr. Dalyell's interpretation the reverse would be the case.

2. Before the anicut irrigation, the village yielded to Government Rs. 195 and Rs. 102 to the Inamdar. Adding $\frac{1}{8}$ th of the latter to the former for quit-rent, the sum payable to Government amounted to Rs. 208. This Mr. Taylor appears to have taken as the fixed jodi, in round number, at 200 Rs. There was undoubtedly wet cultivation in the village before the anicut, and it is impossible to suppose that Mr. Taylor intended to charge water-rate even on that land, the value of which he took into account in fixing the quit-rent.

No. 291. ORDER THEREON, 27th July 1875, No. 1,130.

Miscellaneous.

*G. O., 6th April 1875, No. 549.

THE Government consider that Mr. Arbuthnott's interpretation of Mr. Taylor's order is correct, and authorise him to settle the case on the terms proposed in paragraph 3 of his letter* of the 6th of January last, No. 2.

From
The Honorable D. A. Butcher,
Income Commissioner.

To A. MacGregor Esq.,
As Secretary to Government
Revenue Department

Sir,

With reference to G.O. dated
6th April 1875, N^o 549, I have the honor
to state that if my interpretation
of Mr Taylor's offer is accepted, the
Government would lose, and Inamdar
gain Rupees 283— annually, being
the amount of water rate on Mamul
wet of acres 70.80 (supposing the whole
of it is annually cultivated) whereas
according to Mr Oalyell's interpretation
the reverse would be the case.

2. Before the ancient irrigation,
the Village yielded to Government

Rs 195 and Rs 102 to the Inamdar.
Adding $\frac{1}{8}$ of the latter to the former
for quit rent, the sum payable
to Government amounted to Rs 208.
This Mr Taylor appears to have
taken as the fixed jodi in round
numbers at 200 Rs. There was un-
doubtedly wet cultivation in the
village before the Annicut, and it
is impossible to suppose that
Mr Taylor intended to charge
water-rate even on that land
the value of which he took into
account in fixing the quit rent.

I have the honor to be
Sir,

Your most Obedt Servt

W. H. H. H. H.
Inam Commissioner.
