*Proceedings of the Madras Government, Revenue Department,
7th August 1875.*

No. 60. Read the following letter from the Superintendent of Revenue Survey, to A. MACGREGOR, Esq., Acting Secretary to Government, Revenue Department, dated Kodaikanel, 27th July 1875, No. 2,188/81:—

In the memorandum of the Financial Department, Supreme Government, communicated in G. O., 28th May 1875, No. 832, comparisons are made between the constitution and mode of working of the North-Western Provinces Cadastral Survey and of the Madras Revenue Survey, and recommendations are proffered to adopt certain arrangements of the former survey.

2. I have made both official and other applications for information regarding the North-Western Provinces' system, but what I have received is not sufficiently detailed to enable me to give an opinion on the subject and reply completely to the above-quoted memorandum.

3. Colonel Hessey, who was, in G. O. of the 4th December 1874, No. 1,497, deputed to superintend the revision of demarcation and survey in the northern districts of the Presidency, is at present prevented from prosecuting the special duties entrusted to him by the monsoon. I have the honor, therefore, respectfully to suggest the advisability of taking advantage of this experienced officer's services, which can now, without inconvenience, be spared, to depute him to make himself thoroughly master of the North-Western Provinces' system on the spot, and from the information and practical acquaintance with it thus gained, I should, in communication with Colonel Hessey, be enabled to furnish Government with definite statements and trustworthy opinions.

4. The only expense to which Government would be put by this arrangement would be the usual travelling allowances by road, rail, and steamer, necessary to enable Colonel Hessey to visit the localities in which the North-Western Provinces Cadastral Survey is employed, as Colonel Hessey has expressed his readiness to undertake the duty without any special additional remuneration.

No. 61. ORDER THEREON, 7th August 1875, No. 1,187.

Miscellaneous.

As recommended by the Superintendent of Revenue Survey, Government resolve to depute Colonel Hessey to visit the localities where the North-Western Provinces Cadastral Survey is employed, and make himself thoroughly acquainted with the system. He will be entitled to the usual travelling allowance by railway, road, and steamer.

Acting Secretary to Government.
