With reference to the enquiry by Government in the order above read, the Board beg to state that the security of the kind referred to in the order could not be accepted under the Board's Standing Orders.

2. The Collectors report that the securities taken are all in a realizable form. In Nellore alone there were a few bonds which ought to have been registered, but which were not. The Collector, however, has taken measures to renew them.

3. The Collector of Tinnevely (Mr. Puckle) considers that, judging from the trickery disclosed in suits relating to immoveable property, it would be preferable in every way to insist on security being furnished in future in cash or Government securities alone, and the Collector of Coimbatore is also of the same opinion. The Board, however, do not think that there is any necessity for a change in the existing rules. Any such restriction as that nothing but cash and Government securities should be admitted as security would be a source of great hardship to the poorly paid servants from whom security is demanded, and the system of accepting
