*Proceedings of the Madras Government, Revenue Department,
24th August 1875.*

No. 216. Read the following Proceedings of the Board of Revenue, dated 15th July 1875, No. 1,971:—

Read the following letter from J. H. GARSTIN, Esq., Collector of South Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cuddalore, 26th June 1875, No. 271:—

WITH reference to Government Order, dated 9th April 1875, No. 564, communicated in Board's Miscellaneous No. 3,374, of the 26th idem, I have the honor to state that I have as yet been able to get possession of only two* of the twelve copper sasanams therein referred to, and their fac-similes are herewith forwarded.

2. The surface of one of them, No. XI., is so much worn away in some places that I have not been able to take a good impression of it.

3. Fac-similes of the other ten sasanams will be forwarded as soon as the originals are received and copied.

ENCLOSURES Nos. 1 and 2.—Impressions from Sasanams.

SUBMITTED to Government.

2. The fac-similes sent by the Collector have been produced by a single impression with ink off the plates. The result is that the writing runs from right to left. Captain Sargeant has kindly caused No. XI. (which was said by Dr. the most important) to be reproduced by photography in the Survey Office, so that the writing shall run from left to right as in the original plate, and so as to show dark letters on a light ground. This seems to be a great improvement on the ordinary process, whereby a second impression is taken off the paper printed from the plate. These second impressions are usually very faint. Photo-lithographed copies are also forwarded for the inspection of Government.

3. Sanction is requested for the cost of Captain Sargeant's experiment, which will be Rupees 4-8-0.

(A true Copy and Extract.)

Acting Secretary.
