Proceedings of the Madras Government, Revenue Department,
27th August 1875.

No. 277. Read the following Proceedings of the Board of Revenue, dated 6th August 1875, No. 2,193, Forest No. 159 :—

Read the following letter from J. R. COCKERELL, Esq., Commissioner of Nilgiris, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Ootacamund, 21st July 1875, No. 75.

DURING the time General Morgan was in charge of the Mudumallai Forest, he held his office at such times as he was on the hills at his own house, Tudor Hall.

2. He built out of working charges a lean-to of bricks, with windows, doors, and a shingled roof, to the compound wall of the premises of the Public Works Department. The lean-to faces the timber depôt, which is land adjoining the Public Works Department premises. General Morgan's clerks made use of the lean-to as an office on the days they had not to attend at Tudor Hall.

3. The lean-to is 14 feet 10 inches by 9 feet 7 inches. It adjoins another lean-to, which is a urinal, and the smell in it from the urinal I can testify is abominable. The lean-to is accordingly not fit for an office.

4. Now that the conservancy of the hills has been added to the conservancy of the Mudumallai and Seegoor Forests, it seems proper the officer in charge should have a suitable office. Captain Jago holds office at his house. I venture to propose that I should be permitted to call for an estimate from the Public Works Department for an office to be attached to my cutcherry buildings, and that, pending its completion, Captain Jago should be allowed Rupees 30 per mensem office allowance with retrospective effect from the date of his taking charge.

5. When the hills were under a separate officer, the jungle conservancy work was done in my office; and when the conservancy officer held office, he did so in the chambers of the Judicial Commissioner. These chambers are not adapted for the purpose of an office of any sort, as they are divided from a bath-room only by a partition reaching half-way to the roof. Another objection is the chambers can be reached only through the Court or the bath-room. The chambers are very small, and would not hold the establishment under Captain Jago.

SUBMITTED for the orders of Government.
