MADRAS RECORD OFFICE

GOVERNMENT OF MADRAS

Revenue DEPARTMENT

G.O. No.	1297	Press
B.P. No.		Mis.
Dated	28-8-1875 196	

Not to be folded or roughly handled

*Proceedings of the Madras Government, Revenue Department,
28th August 1875.*

No. 283. Read the following Proceedings of the Board of Revenue, dated 10th August 1875, No. 2,225:—

Read the following Proceedings of the Madras Government, dated 10th July 1875, No. 1,040, Revenue Department:—

ABSTRACT.—*Earth Salt Modas in Cuddapah District*—Desiring to be furnished, with reference to the question of compensation to be paid to the owners of—, with more detailed information as to the average value of the net profits per moda, and observing that, though the selling price of the Cuddapah earth salt is much below that of Bellary, the compensation sanctioned for Bellary was Rupees 30 per moda, while Mr. Horsley's average is nearly Rupees 80.

COMMUNICATED to the Collector of Cuddapah, who will furnish the information called for by Government.

2. The Board observe that the high average rate of compensation proposed for Cuddapah, as compared with that sanctioned for the moda in Bellary, is due mainly to the fact that the average produce in the former case is so much in excess of that in the latter. The average produce in Cuddapah appears from the statement which accompanied the Collector's letter to be 94 maunds, whilst the produce of the Bellary moda was one-third of a garce, or only 40 maunds. Taking the net profit in Cuddapah to be the same as in Bellary, the rate of compensation

Talucs	Selling Price			Profit per		
	per Garce			Garce		
	RS.	A.	P.	RS.	A.	P.
Badwail	100	0	0	25	0	0
Sidhout	123	0	0	30	12	0
Royachoty... ..	66	10	8	16	10	8
Proddatur... ..	80	0	0	20	0	0
Cuddapah	80	0	0	20	0	0
Pullampett	160	0	0	40	0	0
Pulivendla	100	0	0	25	0	0

would be Rupees 70-8-0 per moda, and Mr. Horsley's average is Rupees 79-8-0. The market value of the salt varies considerably in the several taluqs as shown in the margin; the average net profit at a quarter of the value is only a little in excess of Rupees 25 per garce. The net profit in the Bellary case was given at Rupees 20 per garce, but the method of calculation was not explained; and, as the application for compensation related to only one moda, it was considered that the rate proposed in that case could not be accepted as a fair guide for the determination of compensation in regard to the Cuddapah modas.
