*20th September* 1875.

No. 167. Read the following Proceedings of the Board of Revenue, dated 31st August 1875, Miscellaneous No. 7,878:—

Read Statement of Remuneration in land proposed to be given to certain Inamdar in lieu of land which has become unprofitable in the district of North Arcot, dated 23rd July 1875.

---

SUBMITTED for the orders of Government.

In lieu of 5·40 acres of Maniem Service Inam land, assessed at Rs. 9-3-5, subject to a quit-rent of Rs. 3-9-9, the Collector proposes a fresh assignment of 3·75 acres, assessed at Rs. 7-13-1, and reduction of quit-rent of Rs. 1-6-4.

2. The land, in lieu of which the fresh assignment is proposed, has not become unprofitable by any act of Government, but it is reported that it is situated in the middle of an impenetrable jungle, and that the cultivation of it is consequently impracticable.

3. As the Inam is remuneration for service rendered to the State, the Board recommend that the proposal be sanctioned.

No. 168. ORDER THEREON, 20th September 1875, No. 1,384.

Miscellaneous.

THE Government desire further information in regard to this case. The village of Thoranala Pogu is described as uninhabited, and the Inam as being situated in an impenetrable jungle. It is alleged that there are no villages within a radius of ten or fifteen miles from the Inam, and that, therefore, a grant of land in exchange is proposed from the village of Chamala. It is not, however, clear why the service of a Monegar is required for the village, it being uninhabited, and no cultivation being apparently carried on therein. The necessity for the exchange proposed, the circumstances under which the claim has not been urged for so long a period, and the condition of the land prior to the fourteen years during which it has lain waste, are points on which it is desirable that full information should be furnished before orders can be passed on the present application.
