Proceedings of the Madras Government, Revenue Department,
22nd September 1875.

No. 194. Read the following despatch from the Right Honorable the Secretary of State for India :—

Revenue,

No. 23.

INDIA OFFICE, LONDON,
12th August 1875.

SIR,—The despatch of your Excellency in Council, dated 18th June, No. 21 of 1875, forwarding a copy of the report of the Collector of Cuddapah on the effect of the late rains in that district, has been considered by me in Council.

2. It is satisfactory to find, from Mr. Horsley's report, that there has been no loss of life and no present loss of revenue. The cost of repairing tanks, revetted embankments, channels, and other works connected with irrigation will probably be very considerable, and I concur with the Board of Revenue in considering that the real state of the country and the wants of the people, if any, will be better known at the time of the Jummahbundy.

3. The orders issued by the Board of Revenue are judicious and have my approval. I concur with your Excellency in Council in regarding the report of the Collector as a full and satisfactory one.
