Revenue DEPARTMENT

G.O. No. 1400 Press
B.P. No. Mis.

Dated 22. 2. 1875 196

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
23rd September 1875.

No. 198. Read the following Proceedings of the Board of Revenue, dated 21st August 1875, No. 2,352:—

Read the following letter from C. T. LONGLEY, Esq., Collector of Salem, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Salem, 9th August 1875, No. 228.

I HAVE the honor to forward a plan and estimate for making certain improvements to the treasury and press-rooms attached to the Huzoor Cutcherry, and request that they may be submitted for the approval and sanction of Government.

2. The principal work to be done is a verandah all along the back of the treasury and press offices. This long verandah it is proposed to divide into partitions which will be appropriated to the several purposes detailed below.

3. The room at present used as a treasury office is too crowded for want of space, and it is proposed to extend it at the back, the present windows being converted into three arches communicating with the back verandah which will be walled in on the farther side.

4. The small open verandah on the west and alongside of the above is to provide accommodation for witnesses and petitioners who are at present obliged to sit in all weathers under the trees. The portion in the other side of the treasury-room will be occupied by the stamp vendor who has now no proper place to sit in, and is in consequence obliged to sell stamps in a detached tiled building intended as a tiffin-room for the clerks.

5. The present press-room is overcrowded and filled up with presses, compositors' tables and other press furniture, the space being too limited for the requirements of a District Press Office, and it is besides too dark in cloudy weather for the compositors to work in. The addition of the verandah at the back which will be railed in, and the construction of skylights in the roof of the centre room, will, it is hoped, in a great measure, obviate the above defects.

6. The other minor improvements provided in the estimate were, upon experience, found to be necessary, and do not call for any special remarks. Under the foregoing circumstances, I trust the Board will see fit to recommend to Government the sanction of the enclosed estimate.

ENCLOSURE No. 1.—Plan.

ENCLOSURE No. 2.—Estimate.

SUBMITTED for the sanction of Government.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

No. 199. ORDER THEREON, 23rd September 1875, No. 1,400.

Miscellaneous.

THE Government consider it desirable that a separate ryot's shed should be provided at a short distance from the main building, and that the cistern or "sink" should also be placed further away.

2. The plan and estimate are accordingly returned for revision.

(True Extract.)

(Signed) A. MACGREGOR,
Acting Secretary to Government.
