Proceedings of the Madras Government, Revenue Department,
27*th September* 1875.

No. 248. Read the following letter from Mr. J. T. MILLER, Ootacamund, to the Hon. D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated 18th September 1875 :—

I MOST humbly beg to request that you will be good enough to lay before His Excellency the Governor in Council the following circumstances for his perusal and kind consideration, and earnestly hope he will be good enough to bestow on me the favor asked for. I was employed under Mr. Broughton, the late Government Quinologist, for a period of eight years—five years engaged in the analysis of cinchona barks and three years in the manufacture of amorphous quinine, and am now thrown out of employ owing to the manufacture being abolished. In November 1872 I signed an agreement with Mr. Broughton, on behalf of Government, to serve for three years, and before the time has expired I am dismissed. In April of the present year, when Government sanctioned the continuance of the manufacture to the end of August, I wrote to Mr. Wood, the Quinologist to the Bengal Cinchona Plantations, for an engagement under him; he promised me the work, and said he had written to Government to sanction my engagement from the beginning of September. I waited and depended upon getting work at Darjeeling, but on the 9th instant I received a telegram stating that the appointment was not to be made at present. If it was not for the above promise, I may have been able to secure some other work before this. I am married and have two young children depending on me, and beg most humbly to request that His Excellency will be good enough to give me some kind of employment under Government for which kindness I shall ever be extremely grateful.
