*Proceedings of the Madras Government, Revenue Department,
29th September 1875.*

No. 271. Read the following letter from C. RUNDALL, Esq., Acting Director of Revenue Settlement, to A. MACGREGOR, Esq., Acting Secretary to Government, Revenue Department, dated Poonamallee, 2nd September 1875, No. 1,878/38:—

ADVERTING to G.O., No. 1,236, of 16th ultimo, deputing Mr. Clogstoun to inspect the tract of villages to be brought under the influence of the Perryaur project in the Madura District and to report on the probable direct financial results likely to accrue from the extension of irrigation contemplated by the said project, I have the honor to report that I have consulted Mr. Clogstoun, and that that officer is of opinion, as his present work in Coimbatore, in the Caroor and Dharapuram Taluqs, borders on the Madura District and as the rail right through to Madura will shortly be opened, he will be able to carry out the work required of him in Madura concurrently with his ordinary duties in Coimbatore. He proposes to employ one of his two field parties in Madura in blocking out and preparing rough sketches of the villages to be inspected in the latter district and in collecting information, and this will be very necessary as survey operations have not yet been extended to either the Madura or Melur Taluqs.

2. Current work in Coimbatore will thereby be curtailed, and, by thus utilizing a portion of the large staff at his command, Mr. Clogstoun is confident of being able to speedily render the information that is required. Fortunately Mr. Clogstoun is at present free to give his attention mainly to a report on the villages of Madura he is required to prepare as he has just closed his settlement survey in the district of the Coimbatore District on which he has been engaged for some time.

3. I have, therefore, instructed Mr. Clogstoun to arrange accordingly for at once taking up work in Madura in connection with the villages likely to be influenced under the Perryaur project, and hope this course may meet with the approval of Government.

on the Madura District, and as the Rail right through to Madura will shortly be opened, he will be able to carry out the work required of him in Madura concurrently with his ordinary duties in Jambhara. He proposes to employ one of his two field parties in Madura in blocking out and preparing rough sketches of the villages to be inspected in the latter District and in collecting information, and this will be very necessary as survey operations have not yet been extended to either the Madura or Melur Taluqs.

2. Current work in Jambhara will thereby be curtailed, and by thus utilizing a portion of the large staff at his command, Mr. Loftoun is confident of being able to speedily render the information that is required. Fortunately

Mr. Loftoun is at present free to give his attention mainly to a report on the villages of Madura he is required to inspect, as he has just closed his settlement report on the five Taluqs of the Jambhara District on which he has been engaged for some time.

3. I have therefore instructed Mr. Loftoun to arrange accordingly for at once taking up work in Madura in connection with the villages likely to be influenced under the Perryour project, and hope this course may meet with the approval of Government.
