No. 42. Read the following endorsement of the Officiating Chief Secretary to Government, dated Ootacamund, 17th August 1875, No. 331:—

Read the following Proceedings of the Board of Revenue, dated 21st July 1875, No. 2,034.

THE Board proceed to review the several detailed budgets of expenditure proposed out of the Jungle Conservancy Fund during 1875-76 in the order of the districts.

2. *Godavery.*—A lump sum of Rupees 3,500 is provided for a new plantation proposed at Bendamurlunka in the Amalapur Taluq, and no particulars of the item have as yet been furnished though in paragraph 8 of his letter, dated 17th December 1874, No. 466, giving cover to the Special Local Fund Budget, the Collector promised to do so. He will furnish the required particulars with all possible expedition.

3. *Kistna.*—In some of the taluqs the number and description of the trees existing and proposed are not given.

4. In a recent letter* the Acting Collector of the district states that the District Engineer has forwarded a detailed budget of expenditure for the current year with an aggregate allotment of only Rupees 1,752 in lieu of Rs. 2,100 provided in the budget, and requests that the former sum may be placed at the disposal of the Public Works Department. In compliance with this requisition the Board have reduced the original allotment to Rupees 1,752 and shown it in a lump in the absence of the particulars making up the amount.

* Dated 31st May 1875, No. 731.

5. *Nellore.*—Under II., Casuarina Plantation, the rates of monthly salaries proposed to be given to maistries or gardeners are not shown as in the budget of 1874-75. The Collector is requested to supply the omission.

6. The Board observe that under this head a very large extension of operations is contemplated, the estimate being no less than Rupees 48,791. This grant is possible owing to the large balance accumulated from past years; but the fund will not be able to provide such allotments in future, and the plantations which it is proposed to commence will have to be abandoned or neglected. This will not be good economy, and the Collector is requested to submit a special report on the subject.

7. Under Superintendence the Collector makes provision for the increase of pay and allowances of the Wood Overseer and for the entertainment of a Second Clerk to the Overseer and for two Assistant Wood Overseers as detailed below:—

One Wood Overseer, salary from	Rs.	80 to Rs. 120
Do. travelling allowance	,,	20 to ,, 30
One Second Clerk	,,	15
Two Asst. Wood Overseers, salary at Rs. 50 each	,,	100
Do. do. travelling allowance, at Rs. 20 each ...	,,	40

These proposals are disallowed, as they should be submitted in a separate letter, with the necessary explanation for the sanction of Government.

8. A provision of Rupees 2[illegible],000 is made on account of Miscellaneous Charges against Rupees 3,000 in the budget of 1874-75. This provision includes a charge of Rupees 15,000 for cutting operations in the Sitriharicotah jungles under the Amani system which was reported in Collector's letter, dated 16th March 1875, No. 739, recorded in Board's Proceedings, dated 27th March 1875, Miscellaneous No. 2,501.

9. *Cuddapah.*—The extent of land on which each nursery is proposed to be planted is not given. The omission should now be supplied.

10. The Board have now restored the allotment of Rupees 1,549 disallowed in paragraph 4 of their Proceedings, dated 4th February 1875, No. 256A, as there are funds available out of the actual balance of the fund on the 1st April 1875.

11. *Bellary.*—The description and number of trees in four topes in the Raidroog Taluq are not given. The omission should be supplied.

12. *Chingleput.*—There is a sum of Rupees 1,000 entered as refund of loan applied for in 1874-75 from the Pound Fund to the Jungle Conservancy Fund of the district. This provision is struck out, as no loan was sanctioned in 1874-75, and no refund is therefore necessary.

13. *North Arcot.*—The Collector, not anticipating funds to be available, has restricted his proposals. He will observe that a sum of Rupees 13,511 is left unallotted, and will consider how this can best be utilized.

14. *Trichinopoly.*—The provision on account of the cost of Public Works Supervision should be Rupees 375 calculated at twenty-five per cent. on the proposed expenditure by the Public Works Department and not Rupees 600 as shown in the budget.

15. The description and number of trees in most cases are not given. The omission should be forthwith supplied.

16. *Salem.*—In the taluqs marginally named lump sums noted opposite to each are provided for wayside topes. The Collector is requested to furnish the details of these sums.

17. *South Canara.*—The number of trees planted in Aggarkadu Tope in Udipi Taluq is not given. This information should now be furnished.

18. *Nilgiris.*—The Government of India having retransferred the Nilgiri Sholas and Plantations to the Forest Department, the transactions of the Jungle Conservancy Fund will no longer appear in the Special Fund Budget.

G. O., Revenue Department, dated 16th January 1875, No. 99.

19. The following abstract shows the available receipts and the proposed expenditure. As all the Special Local Fund Accounts for March 1875 have been received from Collectors, the Board have been able to adopt the actual balances of the Jungle Conservancy Fund for the several districts on the 1st April 1875 in

lieu of the anticipated balance shown in the abstract budget estimate reviewed in G. O., Financial Department, dated 12th February 1875, No. 508.

20. It is observed that in the Nellore District the proposed expenditure exceeds the available assets by Rupees 5,603, which excess is disallowed by the Board, and should be deducted from the proposed expenditure on fresh Casuarina plantations.

21. With these remarks the taluqwar abstracts of expenditure will be printed and circulated to all officers concerned. It is to be distinctly understood that there is nothing to prevent Collectors from incurring expenditure up to the full allotment now approved of by the Board.

22. The Accountant-General is requested to place Rupees 3,252 at the disposal of the Public Works Department.

TRANSFERRED to the Revenue Department, with reference to the order in that department, dated 8th April 1875, No. 556.

Officiating Chief Secretary.

No. 43. ORDER THEREON, 7th October 1875, No. 1,466.

Miscellaneous.

WITH their Proceedings above recorded the Board of Revenue submit a revised estimate of Receipts and Charges of the Jungle Conservancy Fund for 1875-76.

2. The revised estimate differs from the budget sanctioned in G. O., 12th February 1875, No. 308, Financial Department, as noted below :—

	Original Estimate.	Present Revised Estimate.
Opening balance.....	1,38,690	1,44,160
Estimated Receipts	1,48,720	1,82,410
Total ...	2,87,410	3,26,570
Estimated Charges.....	2,06,670	2,44,270
Balance.....	80,740	82,300

3. The actual opening balance was in excess of the anticipated balance by Rs. 5,470 and the receipts for the year are now expected to amount to Rs. 1,82,410 or Rs. 33,690 more than the original estimate. It is now proposed to utilise Rs. 57,600 of this excess (Rs. 39,160), and to leave an unallotted balance at the credit of the Fund of Rs. 82,300. The increased expenditure provided for is mainly in Nelore, in which the allotment is raised from Rs. 53,170 to Rs. 1,01,594, and appears to be owing to the contemplated extension of operations connected with Casuarina plantations in that district on which a special report is called for by the Board.

4. The Government await the submission of this report and approve of the disallowance of the excess expenditure of Rs. 5,603 ordered by the Board in paragraph 20 of their Proceedings.

Jungle Conservancy Fund.—Remarking on Board's Proceedings submitting a revised estimate of Receipts and Charges of the — for 1875-76, and awaiting report regarding the Casuarina plantations in the Nellore District.

1466/7

No. 2,034.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 21st July 1875.

THE Board proceed to review the several detailed budgets of expenditure proposed out of the Jungle Conservancy Fund during 1875-76 in the order of the districts.

2. *Godavery.*—A lump sum of Rupees 3,500 is provided for a new plantation proposed at Bendamurlunka in the Amalapur Taluq, and no particulars of the item have as yet been furnished though in paragraph 8 of his letter, dated 17th December 1874, No. 466, giving cover to the Special Local Fund Budget, the Collector promised to do so. He will furnish the required particulars with all possible expedition.

3. *Kistna.*—In some of the taluqs the number and description of the trees existing and proposed are not given.

4. In a recent letter* the Acting Collector of the district states that the District Engineer has forwarded a detailed budget of expenditure for the current year with an aggregate allotment of only Rupees 1,752 in lieu of Rs. 2,100 provided in the budget, and requests that the former sum may be placed at the disposal of the Public Works Department. In compliance with this requisition the Board have reduced the original allotment to Rupees 1,752 and shown it in a lump in the absence of the particulars making up the amount.

* Dated 31st May 1875, No. 731.

5. *Nellore.*—Under II., Casuarina Plantation, the rates of monthly salaries proposed to be given to maistries or gardeners are not shown as in the budget of 1874-75. The Collector is requested to supply the omission.

6. The Board observe that under this head a very large extension of operations is contemplated, the estimate being no less than Rupees 48,791. This grant is possible owing to the large balance accumulated from past years; but the fund will not be able to provide such allotments in future, and the plantations which it is proposed to commence will have to be abandoned or neglected. This will not be good economy, and the Collector is requested to submit a special report on the subject.

7. Under Superintendence the Collector makes provision for the increase of pay and allowances of the Wood Overseer and for the entertainment of a Second Clerk to the Overseer and for two Assistant Wood Overseers as detailed below :—

One Wood Overseer, salary from...	Rs.	80 to	Rs. 120
Do. travelling allowance	,,	20 to	,, 30
One Second Clerk...			,, 15
Two Asst. Wood Overseers, salary at Rs. 50 each			,, 100
Do. do. travelling allowance, at Rs. 20 each ...			,, 40

These proposals are disallowed, as they should be submitted in a separate letter, with the necessary explanation for the sanction of Government.

8. A provision of Rupees 20,200 is made on account of Miscellaneous Charges against Rupees 3,900 in the budget of 1874-75. This provision includes a charge of Rupees 15,000 for cutting operations in the Striharicotah jungles under the Amani system which was reported in Collector's letter, dated 12th March 1875, No. 739, recorded in Board's Proceedings, dated 27th March 1875, Miscellaneous No. 2,501.

9. *Cuddapah.*—The extent of land on which each nursery is proposed to be planted is not given. The omission should now be supplied.

10. The Board have now restored the allotment of Rupees 1,549 disallowed in paragraph 4 of their Proceedings, dated 4th February 1875, No. 256A, as there are funds available out of the actual balance of the fund on the 1st April 1875.

11. *Bellary.*—The description and number of trees in four topes in the Raidroog Taluq are not given. The omission should be supplied.

12. *Chingleput.*—There is a sum of Rupees 1,000 entered as refund of loan applied for in 1874-75 from the Pound Fund to the Jungle Conservancy Fund of the district. This provision is struck out, as no loan was sanctioned in 1874-75, and no refund is therefore necessary.

13. *North Arcot.*—The Collector, not anticipating funds to be available, has restricted his proposals. He will observe that a sum of Rupees 13,511 is left unallotted, and will consider how this can best be utilized.

14. *Trichinopoly.*—The provision on account of the cost of Public Works Supervision should be Rupees 375 calculated at twenty-five per cent. on the proposed expenditure by the Public Works Department and not Rupees 000 as shown in the budget.

15. The description and number of trees in most cases are not given. The omission should be forthwith supplied.

16. *Salem.*—In the taluqs marginally named lump sums noted opposite to each are provided for wayside topes. The Collector is requested to furnish the details of these sums.

	Rs.
Salem	1,000
Sub-Collector's Division, Oossoor ...	500
Head Assistant Collector's Division, Uttengherai	500
Namkul	250
Deputy Collector's Division, Trichengode	250

17. *South Canara.*—The number of trees planted in Aggarkadu Tope in Udipi Taluq is not given. This information should now be furnished.

18. *Nilgiris.*—The Government of India having retransferred the Nilgiri Sholas and Plantations to the Forest Department, the transactions of the Jungle Conservancy Fund will no longer appear in the Special Fund Budget.

G. O., Revenue Department, dated 16th January 1875, No. 99.

19. The following abstract shows the available receipts and the proposed expenditure. As all the Special Local Fund Accounts for March 1875 have been received from Collectors, the Board have been able to adopt the actual balances of the Jungle Conservancy Fund for the several districts on the 1st April 1875 in lieu of the anticipated balances shown in the abstract budget estimate reviewed in G. O., Financial Department, dated 12th February 1875, No. 308:—

sanctioned in G.O. 12B.

February 1875, No. 308, Fin.

Dept. as noted below:-

	Original Estimate	Present Revised Regular Estimate
Opening balance	138,690	144,160
Estimated Receipts	148,720	182,410
Total	287,410	326,570
Estimated Charges	206,670	244,270
Balance	80,740	82,300

It will be seen that not-withstanding the exclusion of Nilgharies from the Jungle Conservancy Fund, the assets of the Fund are estimated at Rl 326,570 against Rl. 287,410, the amount set down in the sanctioned

sanctioned Budget for the year. The actual opening balance was in excess of the anticipated balance assigned & estimated by Rl. 5,470 and the receipts for the year are now expected to amount to Rl. 182,410 or Rl. 33,690 more than the Original estimate in G.O. 12 Fin. 1875, No. 308, Fin. Dept.

It is now proposed to utilize Rl. 37,600 of this excess (Rl. 39,160) and to leave an unallotted balance at the credit of the Fund of Rl. 82,300. The increased expenditure provided for is

is mainly in Nellore in
which the allotment is
raised from Rs. 53,175 to
Rs. 101,594, and appears
to be owing to the con-
-templated extension of
operations connected with
Casuarina plantations
in that district on which
a special report is called
for by the Board.
The Govt. await the
submission of this report
and approve of the dis-
-allowance of the charge
expenditure of Rs. 5603
ordered

ordered by the Board
in para 20 of their
Proceedings.

The provision for
cutting operations in the
Srikaricotah jungles is
rather large.
The increased allot-
-ment for Caddapah
and the reduction made
in that for Chingleput
are approved. In
Trichinopoly it is
observed that the
expenditure by the

Public

Public Works Dept. to re-
-duced from Rs. 2,400
to Rs. 1,500. This should
be explained.
