4. This leaves Rupees 2,600 still at the disposal of Government, which will be reserved to meet unforeseen contingencies.

5. His Excellency the Commander-in-Chief explains that the works noted in the margin, included in the above list, are of an emergent character. The Superintending Engineer, Chingleput, will accordingly push these works on to completion as rapidly as possible.

6. There is a balance of Rupees 11,490 available under "Repairs, Military," which will be retained to meet demands from District Engineers during the year.

Proceedings of the Madras Government, Public Works Department,
5th July 1875.

7. Under Provincial, the total amount to Rupees 2,49,895, to meet

which only Rupees 1,745* are available.

The original grant for the year was so

8 limited as compared with the works to be

provided for that it was found impossi-

ble to set aside any amount as a reserve.

It is noticed however, that applications

are made for additional allotments for

some works for which there is already

Budget provision, and District Engineers

will be informed that these allotments

cannot be granted, and that they must

restrict expenditure to appropriations

granted in the Budget. Deducting these

items and also sums below Rupees 500,

for which no specific allotments are re-

quisite, the demands for "Incomplete

Works" (which cannot be put a stop to)

in addition to "Repairs" and "Tools and

Plant," amount to Rupees 70,236. The

question of providing funds to meet these demands will be referred to the Financial

Department:—

8. The attention of the District Engineer, Ganjam, will be called to the very incomplete state in which his lists are submitted. The order sanctioning the several works entered in the lists are not quoted, and works for which provision has been made in the Budget are unnecessarily omitted.

9. The sums applied for by the District Engineer, Vizagapatam, for the Assistant Agent's bungalow at Koraput and for the Subsidiary Jail at the same station cannot be granted until the plans and estimates are submitted. The proposal of the District Engineer to transfer Rupees 1,348, being the excess allotment over the amount actually required to complete the Munsif's Court at Yellamanchelly, Budget Item No. 3 to the new Pottinghy Ghaut, is disallowed and that amount is transferred to the Provincial Reserve and credit taken in paragraph above.
