No. 80. Read the following Proceedings of the Board of Revenue, dated 23rd September 1875, No. 2,666—

Read the following letter from H. S. THOMAS, Esq., Collector of Tanjore, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Tanjore, 13th September 1875, No. 4,322.

Owing to the presence of cholera about Negapatam the Master Attendant at that place applied to me for orders as to how he should act in respect to vessels leaving that port with registered coolies and passengers to ports in British Burmah and the Straits. In reply, I have forwarded to him copy of my letter* sent to the Sub-Collector in answer to a reference made by him on the same subject. In this letter I said that he had no authority to prevent emigration, and could only warn the ports to which the vessels are bound that the emigrants come from an infected district and require the commanders of vessels to signal the same before communicating with the shore and ensure their doing so by an entry in the ship's manifest. But, as it is a very important subject, I have the honor to forward all the papers in case the Board and Government should think proper to issue any other orders.

* No. 3,453, dated 16th July 1875.

Enclosures Nos. 1 to 6.—Copies of Correspondence.

Submitted for the orders of Government.

2. Existing regulations do not provide for any interference with persons leaving an infected port by sea, and the Board concur with the Collector in thinking that the latter has no power to stop emigration. Every endeavor, however, should be made to prevent infected persons going on board, and, if in addition the ports of destination are warned, every possible precaution will have been taken.

Acting Sub-Secretary.

No. 81. Order thereon, 12th October 1875, No. 1,486.

Miscellaneous.

The Government agree with the Board's views.

2. They observe that there is comparatively very little cholera now in Tanjore.
