I have the honor to submit a letter* from the Superintendent of Police, South Canara District, requesting that an alteration may be made in the grades of men allowed for Salt duty in that district with a view to ensure more effectual watch over the Salt Department.

2. The change will cause an increase of Rupees 60 per annum for clothing as shown in margin, but it will increase the strength of men actually employed on watch by five men.

From Major J. PICTON-WARLOW, Superintendent of Police, South Canara, to Major W. ROBERTSON, Assistant Inspector-General of Police, Madras, dated Mangalore, 8th June 1875, No. 240.

With reference to the strength of Constabulary for permanent salt budgetted for 1875-76, I have the honor to request permission to increase the number of Constables and meet the extra cost by a proportionate reduction in the number of Head Constables.

2. The enclosed Memorandum shows the alteration proposed which would entail no increase of expenditure.

3. My reason for recommending this change is that at most of the salt stations only three men of all ranks are allowed, and there is no work for a Head Constable, while the duty of guarding salt and escorting remittances is more than can be properly performed by so small a party.

4. If this alteration cannot be allowed, it will be necessary to apply for an increase to the strength of the Salt Guards, as at present the work which ought to be done by them is practically shoved on to the District Force to the detriment of their legitimate and more important duties.

Allotment of Permanent Salt Police Establishment.
