G.O. No.	1487	Press
B.P. No.		Mis.

Dated 16.7.1875 196 .

Not to be folded or roughly handled

Cutcherries.

No. 7. Read the following letter from R. E. NORFOR, Esq., Officiating District Engineer, South Arcot, to Lieutenant-Colonel J. MULLINS, R.E., Officiating Chief Engineer, Public Works Department, dated Cuddalore, 17th June 1875, No. 65 :—

With reference to G.O., No. 334, of the 30th April 1875, I have the honor to submit copy of letter No. 170, of 10th June 1875, together with a plan, received from the Officer, No. 1 Range, in support of the supplemental estimate of Rupees 480 for repairs to the Collector's cutcherry.

One copy of letter.
,, plan.
,, statement.

2. The repairs of the portion of the cutcherry occupied by the English Correspondence Department provided for in this estimate have been already completed.

3. The total estimate for repairs to the cutcherry, as was reported in this office No. 52, of the 16th February 1875, amounts to Rupees 5,590. Of this sum Rupees 1,853-5-3 has been spent up to March last, and from the current year's grant of Rupees 2,500 under Repairs, Provincial, Civil Buildings, a sum of Rupees 1,800 has been appropriated for this work, and up to May an expenditure of Rupees 1,696-5-7 has been incurred, leaving only Rupees 104 on the 1st June to the credit of the work. The repairs provided for in the estimate are all considered absolutely necessary and urgent, and, unless the balance, Rupees 1,937, of the estimate is at once allotted, I must leave the work incomplete till April next —a course which does not appear advisable considering the present state of the building.

4. From the balance of Rupees 700 of the grant under Repairs, Civil Buildings, there is only Rupees 40 left unappropriated. This is quite inadequate to meet the demands for repairs in progress and those to be made during the year. A statement showing how the said balance, Rupees 700, has been appropriated is forwarded for information.

5. I take this opportunity of bringing to your notice that the Collector has more than once brought to notice the necessity for repairing the Government house in his occupation, and an estimate of Rupees 755 has been submitted by the Range Officer for the same; but, as this does not fully provide for all repairs required by the Collector, it has been returned for revision. On receipt of the revised estimate the ordinary repairs to the buildings should be undertaken this year, and about Rupees 700 or 800 will be wanted for this.

6. The Tindivanum Range Officer's quarters will require Rupees 250 or thereabout to make it at all habitable during the approaching monsoon.

7. Under these circumstances, I have the honor to request that, if possible, the grant under Repairs, Civil Buildings, be supplemented by Rupees 3,500 at an early date, in order that the demands shown in the accompanying statement and others that may be made during the year may be complied with.

No. 114.

Transferred to the Financial Department.

OOTACAMUND,
24th June 1875.
