No. 180. Read the following Proceedings of the Board of Revenue, dated 7th October 1875, No. 2,805:—

Read the following Proceedings of the Madras Government, dated 1st October 1875, No. 1,446, Revenue Department:—

ABSTRACT.—Calling for certain information from the Collectors of Malabar and South Canara in connection with the introduction of the Salt Excise Act of 1871 into those districts.

COMMUNICATED to the Collectors of Malabar and South Canara, who will furnish the information called for by Government with the least possible delay. The contracts for the supply of Bombay and Goa salt for the current fasli have already been ratified (*vide* Board's Proceedings, dated 23rd August 1875, No. 2,372, and 16th September 1875, No. 2,594); but, in order to comply with the instructions contained in paragraph 16 of the letter from the Government of India, the supply contracted for will probably be required.

2. The Collectors should also take into careful consideration at once the questions of the stations to be licensed, the roads and ports by which salt may be imported, the scale of establishment required for the collection of the excise duty and for preventive purposes, and the compensation which will be necessary, with reference to which a report was called for in paragraph 13 of the Board's Proceedings, dated 22nd September 1871, No. 4,068. Full information on these points should now be supplied as soon as possible, but the report called for by Government must not be deferred on this account. Special attention should be paid to the remarks of the Government of India at paragraph 12 in regard to the necessity of concentrating the works so as to reduce the risk of smuggling to a minimum and to the measures which will be necessary for the prevention of unlicensed manufacture on the numerous scattered pans, especially in Malabar.

3. With reference to the concluding paragraph of the letter from the Government of India, the Board have called for the information requisite to enable them to furnish the reports in question in their Proceedings of the 30th August 1875, No. 2,450, and 27th September 1875, No. 2,699. Some delay is unavoidable owing to the information required not being available in the Board's Office.

Salt Excise Act VI of 1871.—Recording Proceedings of the Board of Revenue communicating to the Collectors of Malabar and South Canara Government Order calling for certain information in connection with the introduction of the — into those districts.

Rt. Gen 1875/15-

Revenue Department.

V 536

Proceedings of the Board of Revenue
Dated 7th October 1875.

Read Proceedings of the Madras Government, Revenue Department, dated 1st October 1875, No. 1446, calling for certain information from the Collectors of Malabar and South Canara in connection with the introduction of the Salt Excise Act of 1871 into them.

Communicated to the Collectors of Malabar and South Canara who will furnish the information called for by Government with the least possible delay. The contracts for the supply of Bombay and Goa Salt for the current Fasly have already been ratified, Vide Board's Proceedings, 23rd August 1875, No 2372 and 16th September 1875, No 2594, but in order to comply with the instructions contained in para 6 of the letter from the Government of India the supply contracted for will probably be required.

2. The Collectors should also take into careful

careful consideration at once the questions of the stations to be licensed, the roads and ports by which salt may be imported the scale of establishment required for the collection of the excise duty and for preventive purposes and the compensation which will be necessary with reference to which a report was called for in para 18 of the Board's Proceedings dated 22nd September 1871, No. 4068. Full information on these points should now be supplied as soon as possible but the report called for by Government must not be deferred on this account. Special attention should be paid to the remarks of the Government of India at para 12, in regard to the necessity of concentrating the works so as to reduce the risk of smuggling to a minimum and to the measures

which

which will be necessary for the prevention of unlicensed Manufacture on the numerous scattered pans, especially in Malabar.

3. With reference to the concluding para of the letter from the Government of India the Board have called for the information requisite to enable them to furnish the reports in question, in their Proceedings of the 30th August 1875, No. 2450 and 27th September 1875, No. 2699. Some delay is unavoidable owing to the information required not being available in the Board's office.
