*Proceedings of the Madras Government, Revenue Department,
29th October 1875.*

No. 193. Read the following Proceedings of the Board of Revenue, dated 2nd October 1875, No. 2,760 :—

Read the following letter from Veterinary Surgeon G. WESTERN, Inspector of Cattle-disease, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Madras, 6th September 1875.

I HAVE the honor to bring to the notice of the Board that by my recent promotion I became entitled to military pay at the rate of Rupees 572-5-5 per mensem, and that I should therefore, when in charge of a Cavalry regiment, draw, with contract allowances, as nearly as possible the same monthly salary as in my present appointment, *viz.*, Rupees 600. I would respectfully point out that the duties I am now called upon to perform are much more arduous, and my present responsibility much greater than if in regimental veterinary charge, and also that by being compelled to make Madras my head-quarters and to be continually travelling about, although allowed *bonâ fide* travelling expenses, the expenses of my present appointment are very much greater, whereas I do not even draw the Presidency house-rent of my rank. I would, therefore, respectfully solicit that the subject of my emolument may be submitted to Government for reconsideration, and at the same time would beg to state that my predecessor Veterinary Surgeon Thacker was granted a special allowance of 400 Rupees a-month, although not called upon to reside at Madras, nor to give lectures as it is expected that I shall do hereafter.

IN G. O., dated 27th January 1875, No. 145, the Government fixed the salary of the Veterinary Surgeon to be selected for the treatment of cattle-diseases at Rupees 600 per mensem "inclusive of *present* military pay and allowances" in addition to actual travelling expenses. These terms were accepted by Mr. Western, who, however, now represents that by his recent promotion he has become entitled to military pay and allowances equal to the salary attached to the appointment he now holds, and requests that the subject of his emoluments may be submitted to Government for reconsideration. The Board understand that when Mr. Western accepted these terms he did not expect promotion so soon, and though they consider that a salary of Rupees 600 a-month should under ordinary circumstances suffice, and that the remuneration granted to Mr. Thacker was excessive and cannot be taken as a guide, they are desirous of retaining the services of so experienced an officer as Mr. Western, and with this view would suggest for the favorable consideration of Government, the grant of a special personal allowance of Rupees 100 per mensem. The charge can be met from the Surplus Pound Fund.
