*Proceedings of the Madras Government, Judicial Department,
8th July 1875.*

Huzur and Taluq Cutcheries.

No. 51. Read the following Proceedings of the Board of Revenue, dated 25th June 1875:—

Read the following letter from G. VANSAGNEW, Esq., Collector of Nellore, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Kistnapatam, 20th May 1875, No. 1355:—

I have the honor to draw the Board's attention to G.O., Revenue Department, dated 21st July 1874, No. 899, deferring consideration of the erection of the Huzur Cutcherry at Nellore "till the general design for such buildings stated to be under the consideration of the Board is submitted."

2. The District Engineer, Mr. R. Smith, warns me that action is more than ever necessary owing to the deteriorated condition of the existing buildings.

Submitted to Government.

2. The Board have received and considered reports from various Collectors on the standard plan for a Huzur Cutcherry prepared by Mr. Chisholm and estimated to cost Rupees 1,40,000, and are satisfied that the plans are radically unsuitable and must be entirely recast. The general question, therefore, cannot be disposed of for a considerable time.

3. The Board think that in any case it would be unnecessary, even if the site permitted it to build an entirely new set of offices at Nellore on a standard plan, and from the present letter it appears that immediate action must be taken with regard to the Cutcherry buildings there.

4. The Board, therefore, request that the proposals which in G.O., dated 21st July 1874, No. 899, were ordered to lie over, may be taken into consideration and disposed of on their merits.

(Signed) H. E. STOKES,
Acting Secretary.

Transferred to the Judicial Department, with copy of G.O., dated 21st July 1874, No. 899.

OOTACAMUND,
3rd July 1875.

(Signed) A. MACGREGOR,
Acting Secretary to Government.

No. 52. ORDER THEREON, 8th July 1875, No. 1519.

The Governor in Council sees no prospect of being able to provide funds either for rebuilding the present Collector's Cutcherry, or for erecting a new Cutcherry at Nellore either this year or the next year.

2. Plans and estimates of cost may, however, be prepared for a new Cutcherry as soon as the Board of Revenue have decided upon a suitable design for the purpose.

*Proceedings of the Madras Government, Judicial Department,
8th July 1875.*

3. Meanwhile instructions will be issued in the Public Works Department to keep the Cutcherry and buildings attached in as good order as may be practicable.
