*Proceedings of the Madras Government, Revenue Department,
2nd November 1875.*

No. 24. Read the following Proceedings of the Board of Revenue, dated 12th October 1875, Miscellaneous No. 9,234:—

ABSTRACT.—Read Statement of Remuneration proposed to be given to Inamdars in lieu of their Inams, which have been taken up for public purposes in the district of Godavery, dated 9th September 1875.

SUBMITTED for the orders of Government with the Board's recommendation that the amount may be ordered to be paid from the Irrigation Budget. The compensation has not been calculated strictly in accordance with the principle explained in Board's Proceedings, dated 8th May 1875, No. 1,204, but the amount is on the whole fair.

No. 25. ORDER THEREON, 2nd November 1875, No. 1,559.

Miscellaneous.

THE payment of compensation (Rs. 1,474-3-8) is sanctioned, on the presumption that the land has been already taken

up and appropriated for the special purpose named. The area occupied seems unnecessarily large for an office for a range officer, and this point will be referred for inquiry in the Public Works Department.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 8th May 1875.

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 21st October 1874, No. 369:—

I HAVE the honor to forward, herewith, four statements* of compensation for

*As per Statement No.	I.	II.	III.	IV.	RS. A. P.			
					RS.	A.	P.	
	...	...	...	...	1,032	4	8	lands taken up for public purposes, and
					656	12	10	to request sanction for compensating
					356	12	6	the landowners as therein proposed, viz.,
					180	8	2	for the payment of money compensation
					2,226	6	2	of Rupees 2,226-6-2 as particularized
								in the margin, and for giving in
								exchange acres 8, cents 13 of land
								assessed at Rupees 29-3-3 subject to the
								payment of annual quit-rent of Rupees
								14-0-8.
								2. The money compensation has,
								in most cases, been fixed with reference
								to the selling price of similar land in

the neighbourhood, as laid down in Board's Proceedings of the 13th November 1873, No. 2,299; but in some cases where no lands were sold, the usual rates of twenty times the assessment for Inams and ten times the assessment for Government assessed lands have been adopted.

WITH this letter, the Collector submits four statements showing the compensation proposed to be given on account of lands taken up for Public Works.

2. He states that the compensation has been calculated with reference to the selling price of similar lands in the neighbourhood, and, where no lands were sold in the vicinity, at ten times the assessment for assessed lands, and twenty times the assessment for Inam lands. The calculation of compensation at twenty times the assessment for Inam lands would be fair, if the Inam lands were entirely tax-free, but not so if they were subject to quit-rents which in the case of some are high. For instance, in Brahmapuri, Ramachendrapur Taluq, Case No. I, the

assessment of the Inam lost was Rupees 10-15-5, subject to a proportionate quit-rent of Rupees 3-6-0. In this case, a sum equal to twenty times the assessment, or Rupees 219-4-4, is proposed to be paid as compensation; while in Case No. I., for a Ryotwari land, bearing an assessment of Rupees 6-2-0, only ten times the assessment is proposed to be granted, as compensation. Now, the circumstance of the land being Inam in Case No. I., Statement No. I, can give the Inamdars an additional value, only to the extent of the difference between the assessment and quit-rent, and if the ryot, in Case No. I., Statement No. II, gets only ten times the assessment,

the Inamdar can only claim ten times the assessment, plus ten times the difference between the assessment and the quit-rent, but not twenty times the full assessment, since the quit-rent on the portion lost to the Inamdar should, of course, be remitted.

3. The Collector is requested to consider the point and to revise the statements if necessary.

4. In Statement No. III, the sums proposed to be allowed in the cases noted in the margin, for loss of crops in one year, Fasli 1283, seem to be much too high. The Collector is requested to explain the circumstances under which such high sums were allowed.
