The difference for January is 99,400 lbs. This is the quantity of coffee erroneously entered by the Collector of Malabar under cotton in the monthly trade returns. The error has been since corrected (*vide* Board's Proceedings, dated 17th June 1875, No. 1,655).

Exports of Cotton to Ceylon from Madras Presidency.

As given in Supplement to Government of India Gazette.		As quoted in Board's Proceedings, dated 22nd March 1875, Mis. No. 2,344.	Difference.

January ...	18	99,418	99,400
February..	15	575	560
June... ..	310	366	56

2. The difference for February is 560 lbs. The whole of this was exported from South Canara and shown in the trade return of the district for the month. But the prescribed monthly return of such exports due to the

Government of India does not appear to have been forwarded by the Collector. The Collector will be called upon to report why he did not send the return to the Government of India.

3. The difference for June is 56 lbs. This is the quantity of silk cotton exported from Madura. The Collector has in a letter, dated 27th March 1875, No. 128, explained that this article was erroneously included under "cotton raw" in his trade return. The error will be corrected in the annual return to be prepared for 1874-75.

4. The Collectors of all maritime districts are requested to pay particular attention to the punctual despatch of the returns to the Government of India and see that there is a perfect agreement between them and the regular monthly trade returns sent to the Board. They have been already requested to send copies to the Board of the cotton statement furnished to the Government of India.

5. The original returns received from the Government of India are herewith returned.
