My dear Mr. Carmichael,
 I have been very
 busy of late and I find your
 note of the 1st is not yet answered.
 - The information you
 received that I "refuse all
 applications for waste lands
 in the Wynad" is incorrect.
 but it is true that I have

Note Referring to the hesita-
tion of the Col. about going
land in Myriad - I have
seen Mr. King (Scol. Survey) &
asked him where he has
heard any more about gold
in Myriad - He has not, but
wishes to make further in-
quiry would much like to
visit the country for 10 days -
a fortnight - what he says with
differs I think him to advise
Col. further
Should be not ask him

I do so at once. I fear
these dark lands ripen

The Stoppard is asked to
apportion land in the de-
partment. At the same time
I don't see that we can give
possession of large blocks of
land for agricultural purposes
and thereby prevent or compli-
cate the develop. of mineral
wealth.

Dr. Kim speaks highly
of the prospect of Kolar / Mysore

He is not hopeful of
the return of the Severn
Coal-borings. Dr. Johnson

I would ask to King as to
the Mr. W. Johnson suggests. I
complete his explorations in Mysore
with the least possible delay. If
it may be inconvenient I see there
are funds dark lands. As to that
they may be accepted or rejected at
once. I know from that was made
at least 2 years ago by Mr. Johnson
that he is not the least bit. As to that
it will be accepted or rejected.

I would do this
at once -
