UNDER the orders of the Government of India a new topographical survey of the Mysore territory is about to be commenced, and, in order to connect it with the adjoining surveys of British districts, it may be necessary to carry the triangulation beyond the absolute boundary into the Bellary District for the sake of obtaining a good initial base of operations from the Great Triangulation of India, as well as for subsequent connection with the same.

2. I have, therefore, the honor to solicit that the Civil authorities of Bellary may be requested to afford such facilities to Captain McCullagh, R.E., the officer in charge of the Party, as he may require, to enable him to effect the object in view.

3. Captain McCullagh will give due notice to the Collector of Bellary of his intention of entering that district from Chittledroog during the ensuing month of November.
