*Proceedings of the Madras Government, Revenue Department,
12th November 1875.*

No. 160. Read the following Proceedings of the Board of Revenue, dated 2nd October 1875, No. 2,756 :—

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Budwail, 14th September 1875, No. 191.

I HAVE the honor to reply to Government Order, Revenue Department, No. 1,040, dated 10th July 1875, communicated with Board's Proceedings, No. 2,225, dated 10th August last.

2. The amount of compensation on an average per moda is Rupees 77-10-4 and not Rupees 79-7-1 as stated in paragraph 4 of my letter, No. 241, dated 19th October 1874. The mistake arose owing to the average having been calculated on a wrong total, which was corrected in letter, No. 114, dated 18th May 1875, from this district.

3. The average value of the net profits per moda is Rs. 19-6-7, or one-fourth of the average amount of compensation. When the Government are aware that compensation has been calculated on such small profits, I do not think they will consider the average compensation to be high. As stated by Mr. Thorahill, the manufacture of earth-salt on a moda occupies from two to four men and one to four buffaloes for four or five months. To give such an establishment a net profit of Rupees 19-6-7 may be objected to on the score that the profits have been stated at too low a figure. I scarcely think that my figures can be said to be extravagant.

4. As the Board have remarked, no conclusion can be drawn as to the propriety of my figures from the compensation proposed for one moda in Bellary. My rates of compensation vary from Rupees 160 to Rupees 2, and in this range there is ample room for a number of modas entitled to a compensation of Rs. 30. It is quite possible that the compensation in Bellary was calculated on a higher basis than that taken by me.

SUBMITTED to Government with reference to G. O., dated 10th July 1875, No. 1,040.

FOR ORDERS.

The collector of
Cuddapah explains
the manner in
which he arrived
at the amount
of compensation to
be paid for certain
settled modes that
have been dropped.
The amount
seems reasonable.

I do not sanction
the pay. Mr.
Srinivasan does not
think it has been
properly calculated.
