No. 240. Read the following letter from Colonel F. J. B. PRIESTLEY, Superintendent of Revenue Survey, to the Secretary to Government, Revenue Department, Fort St. George, dated Chepauk, 19th October 1875, No. 3,055/109 :—

I HAVE the honor to submit the Budget-estimate for 1876-77.

2. The estimate amounts to Rs. 7,00,000 against Rs. 6,97,000, the allotment by the Government of India for the current official year, and Rs. 7,13,433, the actual expenditure for 1874-75.

3. Explanation of the variations is given in the column of remarks.

4. From the last page of the estimate, it will be observed that increase over allotment occurs under four items as per margin to an aggregate amount of Rupees 6,502. As a portion of the field establishments of Nos. 2 and 3 Survey Parties will probably have to be moved into another district during the ensuing official year, the excess under the head of Travelling Allowance is thought necessary. The increased provision in items Contingencies and Measurers is made with reference to the actuals for 1874-75. Revision of Demarcation and Survey having been commenced, a sum of Rs. 1,000 is estimated in excess of the allotment for 1875-76 under the last head.

Budget-estimate for 1876-77	7,00,000

THE Budget-estimate of Charges in the Department of Revenue Survey for 1876-77 amounts to Rs. 7,00,000, being Rs. 13,433 less than the actuals of 1874-75, and Rs. 3,000 above the grant for 1875-76. The Regular Estimate for the current year, excluding the cost of Demarcation and Survey of certain private estates to be recovered from them, shows a slight excess of Rs. 2,154 over the Budget grant, and is within Rs. 150 of the Estimate for 1876-77.

No. 3055/109
Revenue Survey Office.

2. Examined in detail, the estimate exhibits a large increase in the items marginally noted above the actuals of 1874-75. The pay and allowances of Deputy and Assistant Superintendents have been provided with reference to the sanctioned scale and their present respective ranks; but the Government see no adequate reason for the largely-augmented provision of Rs. 26,000 for measurement allowance to Amins, while the expenditure in the past year amounted to only Rupees 7,293. In the remark-column the Superintendent quotes G. O., dated 28th January 1868, No. 151, which relaxes a previous restrictive order as to all payments for work done being adjusted within the year; but the actual expenditure for the past three years* has been very small, and no reason is shown why the latitude allowed with respect to adjustment of expenditure should have such a largely-extended operation in the coming year. The amount of measurement allowance for one party is, indeed, stated to be Rupees 9,226, but the question rather is what amount is likely to be spent, and for estimating this the expenditure in past years furnishes fair data. The estimate under this head will be reduced to Rupees 15,000, so as to cover any increased outlay which its curtailment in previous years may have rendered necessary.
