No. 302. Read the following Proceedings of the Board of Revenue, dated 15th October 1875, No. 2,874, Forest No. 211 :—

Read the following letter from J. H. GARSTIN, Esq., Collector of South Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Cuddalore, 18th September 1875, No. 396.

As required in Board's Proceedings, dated 29th April last, Forest No. 64, I have the honor to submit a statement in the form prescribed showing the expenditure in 1874-75 on forest and jungle conservancy operations under the charge of the Deputy Conservator of Forests.

2. The statement shows the actual incurred expenditure of the year under forest and jungle conservancy respectively, as well as, not only their respective budget allotments, but the loan to jungle conservancy under "Advances Recoverable" and the money spent on jungle conservancy plantations out of the receipts of the year in excess of the budget estimate under that head, and, lastly, the loan from forest funds repaid during the year.

3. The result is briefly that at the end of last year the forest expenditure of the district fell short of the budget allotments by Rupees 1,888, while the jungle conservancy expenditure exceeded the budget allotments considerably, but fell short by Rupees 821 only of those allotments *plus* the loan of Rupees 4,291.

4. The actual receipts from jungle conservancy in 1874-75, exclusive of the loans for which credit was taken in the accounts submitted with the Special Funds Report, amounted to Rupees 11,303, from which, the deficit at the beginning of the year being deducted, the actual available funds for jungle conservancy expenditure during the year was Rupees 11,111. The expenditure by the officers

	RS.	of the Revenue Department and by the Deputy Conservator on other than the plantations transferred to Imperial from 1st April last amounted to Rupees 5,751 as shown in the margin, so that the funds available to meet the expenditure on the plantations proposed to be transferred were Rupees 5,360 only, while the expenditure amounted to Rupees 8,830. The difference, Rupees 3,470, has to be

provided from Forest Imperial or some other source which the Board may decide.

5. When the sanctioned grant had been fully expended, and it was brought to my notice that the plantations were suffering, I instructed the Deputy Conservator to incur such expenditure as might be absolutely necessary for their upkeep from the forest allotments at his disposal. He accordingly incurred, up to the date of receipt of the Board's telegram, dated 19th February last, an expenditure of Rupees 1,276-12-8 from that source, which had to be made good, and consequently, on receipt of the telegram, a sum of Rupees 4,291-8-7 was debited to "Advances Recoverable" and credited to "Jungle Conservancy Fund," from which, the sum of Rupees 1,276-12-8 above mentioned having been debited to the fund and credited to "Forests," a balance of Rupees 3,014-11-11 was left to meet the other demands against the fund and the liabilities already incurred in excess of the grant. After meeting these in full, a sum of Rupees 821-11-0 out of the above amount was left as a balance in favor of the fund at the end of 1874-75.

SUBMITTED for the orders of Government.

2. A sum of Rupees 8,830 was expended in 1874-75 on the plantations and reserves in South Arcot, which were ordered by Government to be transferred from Local to Imperial Forest from 1875-76. Of this, Rupees 4,539 were met from Jungle Conservancy Funds and the remainder (Rupees 4,291) from a loan from Imperial Funds debited to Advances Recoverable. At the end of 1874-75 there was a balance of Rupees 821 in favor of Jungle Conservancy Fund, and this will be ordered to be paid to the credit of the loan. The estimated receipts of jungle conservancy for 1875-76 do not exceed the estimated charges of the year, and the funds cannot, therefore, afford to pay off the balance of the loan incurred. As the plantations and reserves are now transferred to Imperial, the Board request the sanction of Government for the unliquidated portion of the loan, *i.e.*, Rupees 3,470, being paid from savings in the Forest Budget of the current year, or, if there be no savings, from those of 1876-77.

Board's Procs., dated 19th February 1875,
No. 406, recorded in G.O., 5th March 1875,
No. 451.

3. The expenditure was incurred to save plantations from perishing and to avoid loss of the money previously expended on them.
