Proceedings of the Madras Government, Revenue Department,
29th November 1875.

Read the following papers:—

No. 312. From Surgeon-General E. BALFOUR, Surgeon-General, Indian Medical Department, Fort St. George, to the Secretary to Government, Revenue Department, dated Fort St. George, 2nd September 1875, No. 459.

GOVERNMENT Order, No. 1,367, of 8th December 1873, ordered a sample of Atisine to be sent to the Government Central Museum. I have wished trial to be made of it, but on application to the Acting Superintendent he has informed me that the specimen never reached the Museum.

No. 313. From Surgeon-Major G. BIDIE, M.B., Superintendent, Government Central Museum, to the Under-Secretary to Government, Revenue Department, Ootacamund, dated Madras, 6th October 1875, No. 107.

WITH reference to your memorandum, No. 138, of the 30th September 1875, I have the honor to inform you that the small specimen of Atisine hydrochlorate received with G. O., No. 1,367, of 8th December 1873, remains in the Museum.

No. 314. From J. R. COCKERELL, Esq., Commissioner of the Nilgiris, to the Secretary to Government, Revenue Department, Fort St. George, dated Ootacamund, 8th November 1875, No. 87.

WITH reference to the official memorandum, No. 147, of the 23rd ultimo, from the Under-Secretary to Government, Revenue Department, I have the honor to state that Mr. McIvor reports to me that he cannot find any specimens of the substance known as Atisine hydrochlorate in the laboratory of the Government Quinologist.

No. 315. ORDER THEREON, 29th November 1875, No. 1,703.

Miscellaneous.

THE Surgeon-General appears to have been misinformed regarding the specimen of Atisine hydrochlorate in the Museum, but it is evidently too small to be turned to practical account, and no further specimens can be found in the laboratory of the late Government Quinologist.
