Mis.

Dated

17-8-1875 196.

Not to be folded or roughly handled

superseded by the project could be dis-  
to the scheme.

2. The first and third points  
April 1875, No. 550, in which it has  
classed as irrigated can be charged  
for a second crop may be taken for s  
that, had the decision been otherwise  
influence on the financial prospects o  
may possibly pay a water-rate for 2nd  
is clearly of but little consequence, a  
far the option of taking water wou  
lands in superseded tank beds, it has  
them, but it has been considered prop  
shall be reserved and devoted to the v  
village concerned. The value of such  
fourth will amount to Rupees 43,20  
deduction on this account formerly m

3. With regard to the assessm  
Officiating Superintending Engineer,  
that the land consists of—

3,775 acres occupied and assessed  
319 „ unoccupied do.

If the occupied land alone be consider  
amount to Rupees 4,93,950, while, if t  
amount will be Rupees 5,28,000.

4. Mr. R. Smith also reports t  
the estimates for special plant, and th  
other demands under this head.

5. Revising the total of the esti  
given, this will become as follows:—

Paragraph 3 of G. O., 3rd September 1874, No. 2,49  
Rupees 49,820 for special plant.

Preliminary expenses ...  
Capitalized assessment of lands to

Value of lands in beds of tanks  
Deduct one-fourth for village road

Estimated cost of project, say ...

as proposed, the proceeds being credited

en finally decided in G. O., R. D., 7th  
led, after full consideration, that Inams  
rate only in those cases in which water  
op lands. It has been shown moreover  
sult would have exercised no material  
project. The extent of Inam land, which  
has not been stated, but its determination  
ascertained, it would still be doubtful how  
availed of. With regard to the value of  
led that the State has a right to dispose of  
rule that one-fourth of the sale proceeds  
roads within the limits of the particular  
being estimated at Rupees 1,72,825, one-  
ch sum will have to be taken out of the

lands to be taken up for the project, the  
letter recorded in these Proceedings, shows

|           | Rs.    |

Read again Proceedings of the Madras Government, No. 660. Read also the following from R. SMITH, Esq., Officiating Superintendent Engineer, Nellore, Chief Engineer for Irrigation, Nellore, 26th June 1875, No. 32:—

As directed in paragraph 4 of G. O. No. 2,492, dated 3rd September 1874, I have the honor to annex the information regarding the revenue derived from the land required for the Sungum Project, and to explain that, after consulting the Revenue Officials, I thought it advisable to wait a little and submit a report, correct, instead of the approximate, statement promised in my letter, No. 15, dated 18th May 1875. The officials referred to rendered me every assistance, and enabled me to prepare the subjoined carefully-ascertained statement showing the Area and Assessment of the Land that will be occupied by the Channels and all Subsidiary Works connected with the Sungum Project.

| OCCUPIED LAND.       |                |                       |       |
|----------------------|----------------|-----------------------|-------|

ment, No. 1,280, dated 5th May 1875. from R. SMITH, Esq., Officiating Major J. O. HASTED, R.E., Officiating Nellore, 26th June 1875, No. 32:—

No. 2,492, dated 3rd September 1874, called for regarding the revenue derived from the land required for the Sungum Project, and to explain that, after consulting the Revenue Officials, I thought it advisable to wait a little and submit a report, correct, instead of the approximate, statement promised in my letter, No. 15, dated 18th May 1875. The officials referred to rendered me every assistance, and enabled me to prepare the subjoined carefully-ascertained statement showing the Area and Assessment of the Land that will be occupied by the Channels and all Subsidiary Works connected with the Sungum Project.

| UNOCCUPIED LAND.     |                |                     |                |
|----------------------|----------------|---------------------|----------------|
| Description of Land. | Area in Acres. | Assessment.         | Remarks.       |
| Wet                  | 263.92         | Rs. A. P. 1,308 6 1 |                |
| Dry                  | 55.41          | 53 3 1              |                |
| Total                | 319.33         | 1,361 9 2           | Service Inams. |

2. Adverting to paragraph 9 of the report that I allowed Rupees 49,820 for the Sungum scheme, and that I considered would cover all other demands under the project:—

3. The total sum, Rupees 82,670, is under-mentioned estimates, with the exceptions of the items for compensation and sundries; and to 2 per cent. on the totals of the estimates for the other sections of the project:—

- I.—Ancient and new head works.
- II.—Main feeder.
- III.—Kanigherry reservoir.

No. 661. ORDER THEREON, 26th July 1875, No. 2,130.

IRRIGATION, No. 64.

The points remaining unsettled regarding the Sungum Project when the Order, No. 2,492, of the 3rd September 1874, was passed were—

1st.—Whether Inamdars should be required to pay a water-rate for the advantages that would be conferred upon them by the carrying out of the project.

2ndly.—The amount of revenue which will be lost by taking up lands for the project.

3rdly.—To the above in consequence of a reference made by the Collector of Nellore was added the further question whether the lands in the beds of tanks

6. The gross and net revenue have been ready estimated at Rupees 2,38,000 Rupees 1,87,745, respectively, and the latter represents a return of 5.25 per cent. on the above total estimated cost of the project. With regard to the rate of present revenue of Rupees 69,000 from the project, and to explain that, after consulting the Revenue Officials, I thought it advisable to wait a little and submit a report, correct, instead of the approximate, statement promised in my letter, No. 15, dated 18th May 1875. The officials referred to rendered me every assistance, and enabled me to prepare the subjoined carefully-ascertained statement showing the Area and Assessment of the Land that will be occupied by the Channels and all Subsidiary Works connected with the Sungum Project.

Proceedings, Madras Government, No. 3,496, dated 12th December 1874.

from the spread of irrigation in the South Nellore, and to the correspondence between north and south of the river, it appears that the former side water will be taken as readily the south, and that irrigation will spread and made available.

7. Ordered that the following letter be sent:—  
(Here enter No. 2,130-1 dated 26th July 1875.)  
(True I t.)

Major, R.E.,  
Officiating Secretary to Government.

To the District Engineer, Nellore.  
" Chief Engineer for Irrigation.  
" Revenue Department.
