*Proceedings of the Madras Government, Public Works Department,
27th July 1875.*

No. 758. Read the following Proceedings of the Board of Revenue, dated 1st April 1875, No. 781 :—

Read the following letter from W. S. FOSTER, Esq., Acting Collector of the Godavery District, to J. GROSE, Esq., Secretary to the Board of Revenue, dated Cocanada, 17th November 1874, No. 421 :—

WITH reference to the concluding remark in my Settlement Report for fasli 1283, I have the honor to forward, herewith, a statement for fasli 1283, showing the cultivation under Anicut Canals prepared according to the revised form, communicated with the Board's Proceedings, dated 16th July 1873, No. 1,305.

2. The total amount of water-tax shown in columns 21 and 37 of this statement is Rupees 15,75,293-7-2,* while that

+ 2,137 14 8

shown in the water-tax account attached to the jammabundi account No. 5 is only Rupees 15,74,666-13-1, exclusive of additional assessment† charged on dry lands cultivated with wet crops under

tanks, and included in the water-tax account for the first time under Board's Proceedings, dated 18th August 1874, No. 2,295.

3. The former figure shows an increase of Rupees 626-10-1 over the latter, owing to the entry in the irrigation statement of some land irrigated within the fasli, though the charge was entered in the demand after the close of fasli 1283.

ENCLOSURE No. 1.—Statement.

A COPY of the canal register, received with the foregoing letter for fasli 1283, is herewith forwarded to the Chief Engineer for Irrigation, with reference to paragraph 3 of his letter, dated 6th June 1872, No. 91, recorded in the Board's Proceedings, dated 24th June 1872, No. 1,082.

2. With reference to the difference of Rupees 626-10-1 under water-tax, alluded to in the last paragraph of the foregoing letter, the Collector is referred to the Board's official memorandum, dated 17th November 1874, No. 1,875, from which he will observe that the irrigation statement should only embrace lands charged for within the fasli.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

MEMORANDUM.

The Revenue statement of the Godavery Delta for the year 1873-74 (fasli 1283) gives the following general results:—

2. The particulars for the several sections of the delta are given in the subjoined abstract for canals and deltas prepared in this office, and the following are the results:—

	AREA IRRIGATED.		WATER-TAX.	
	1872-73.	1873-74.	1871-72.	1872-73.
Eastern Delta ...	140,543	143,955	4,41,177	4,52,551
Central do. ...	99,294	99,810	3,23,074	3,20,109

3. The Eastern Delta exhibits an increase both in area and revenue, the Central an increase in area and a decrease in revenue, and the Western Delta a decrease in area elsewhere than in the two Zemindaries, and an increase in revenue. No explanations have been given. From the Board's Proceedings it will be seen that Rs. 626-10-1 have been wrongly credited in the statement for fasli 1283, but it has not been indicated to what canal this item pertains, or whether it comes under land assessment or water-tax, and under what description of irrigation.
