Read the following papers :—

Proceedings of the Madras Government, Revenue Department, dated 15th January 1875, No. 87.

ABSTRACT.—Intimating that the principle adopted in the Settlement of Pedda Kimedy should be followed in the case of the hill-villages attached to Zemindaris in Ganjam District, and desiring that Sanads may be prepared accordingly.

From R. DAVIDSON, Esq., Acting Collector of Ganjam, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Injilly, 10th March 1875, No. 496.

I HAVE the honor to request that the Board will be pleased to substitute the accompanying list of hill-villages of the Jarada Zemindari for that submitted with my letter of the 2nd October 1874, No. 2,074, recorded in the Board's Proceedings of the 24th November 1874, No. 3,378.

2. The latter list, which was prepared in the Acting Senior Assistant's Office, has been found, by subsequent correspondence with the Zemindar of Jarada, to be incorrect. The names of the villages in the plains appear to have been given instead of those in the Maliahs.

3. The number of villages according to the list already sent was seventeen, whereas, according to the present list, it is nineteen. This will not, however, affect the amount of annual Nuzzer (*viz.* Rs. 25) to be levied from the Zemindar on account of the hill tract.

ORDERED that Sanads in the required form for the estates noted in the margin be accordingly prepared and submitted to Government for execution, with reference to their order quoted above.

No. 103. MINUTE BY HIS EXCELLENCY THE GOVERNOR.

I CAN only draw attention—in the form of a *most earnest protest*—to what I recorded in my Minute, dated 6th April 1874 (Proceedings of Government, 17th July 1874), against the neglect in these numerous and important cases of the most ordinary precautions in respect to subordinate rights, &c., within the large tracts which it is proposed now to make over to these grasping Zemindars on Sanad tenure.

2. When the Northern Zemindaris were settled at the beginning of the century Circuit Committee carefully examined and recorded all matters affecting the people; but as Sanads were then withheld in respect to the hill tracts attached to the Zemindaris—possibly because the Circuit Committee could not examine the properties and rights that time—the inhabitants of these tracts will not have the protection conferred on those of the more settled parts, unless the

examination is now proceeded with before Sanads are issued. We have the Revenue Survey Establishment on the spot, and there is no object for haste.

3. I can conceive no greater injustice, no more serious source of future embarrassment, than the hasty action proposed must entail.
