No. 148. Read the following Proceedings of the Board of Revenue, dated 12th November 1875, No. 3,151:—

Read the following letter from W. D. HORSLEY, Esq., Collector of Cuddapah, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Appayapally, 31st August 1875, No. 132.

In conformity with Board's Standing Order No. 321, I have the honor to report on the state of Huzur and Taluq records in this district for the official year 1874-75.

2. Huzur records both in the Collector's Office and in those of subordinate officers are in good order; they are properly arranged, and lists have been made. The Board's Standing Orders, &c., have also been corrected up to date. The Index of the Board's correspondence in the Collector's Office is nearly ready from 1800 up to 1867. As regards the arrangement of some old records of the Sub-Collector's Office, an extra establishment of two gumastahs for six months was sanctioned by Government in their Order, dated 17th July 1875, No. 1,499, communicated in Board's Miscellaneous Proceedings, No. 6,949, dated 2nd August 1875. The vernacular records in the Collector's Office have been arranged up to the year 1872, but the system of classification, as published in the *Andhra District Gazette* of 1870, has not been adopted. For this work the existing establishment is insufficient. I beg that sanction may be obtained for the employment of four gumastahs (at Rupees 15 per mensem) on this duty. The necessity for their employment will probably not extend beyond six months.

3. The taluq records have been, to a certain extent, arranged and lists made out. The records in Sidhout and Cuddapah Taluqs, adverted to in Board's Proceedings, dated 3rd September 1874, Miscellaneous No. 6,059, have also been arranged: the former up to fash 1285, and the latter up to fash 1284, and the lists are being prepared.

4. The survey maps belonging to the Proddatur and Jammalmadugu Taluqs are kept for sale by the Tahsildars of those taluqs. As yet not a single map has been purchased, I do not think that the maps are ever likely to find a demand. The maps will not improve by long keeping in a taluq catcherry, and I beg that I may be permitted to send the maps to Madras.

5. The condition of the Kadiri Taluq record-room, its wall having fallen during the heavy rains of last year, and the smallness of the building which does temporary duty as a catcherry at Pallampatt, prevent the records in those taluqs being kept in a satisfactory state.

This sanction of Government will be requested for the entertainment of a temporary establishment of four gumastahs on Rupees 15 each per mensem for a period of six months for the arrangement of the vernacular records in the Collector's Office. The charge can be met from general savings under Land Revenue.

*Proceedings of the Madras Government, Revenue Department,
11th December 1875.*

2. As regards the survey maps of the Proddatur and Jammalmadugu Taluqs, a portion should be retained for sale in case of a demand arising. The Director of Revenue Settlement is requested to state whether he can take charge of the remainder, there being no room in the Central Survey Office.

3. The taluq records have been, to a certain extent, arranged and lists made out. The records in Bellur and Cuddapah Taluqs, referred to in Board's Proceedings, dated 3rd September 1874, Miscellaneous No. 6,039, have also been arranged, the former up to fasli 1233, and the latter up to fasli 1231, and the lists are being prepared.
