*Proceedings of the Madras Government, Revenue Department,
14th December 1875.*

No. 167. Read the following Proceedings of the Board of Revenue, dated 3rd December 1875, No. 3,289.

Read the following Proceedings of the Madras Government, dated 24th November 1875, No. 1,683, Revenue Department :—

ABSTRACT.—*School of Agriculture at Sydapet.*—Concurring with the Board of Revenue in their general approval of Mr. Robertson's scheme for establishing a — in connection with the Government Farms, and requesting them to call on Mr. Robertson to report on the provision of temporary class-rooms, and for the preparation of plans and estimates for the necessary permanent accommodation.

Communicated to the Superintendent of Government Farms, who will report, with as little delay as possible, as to the best means of providing temporary class-rooms, and as to the probable date on which it will be possible to open the school. His particular attention is called to the decision of Government in regard to the number of stipendiary students, number of scholarships, age of admission, &c., and to the remarks of the Acting Director of Public Instruction in regard to the hours of study, number of lectures, and the time assigned to laboratory work. The prospectus will be revised accordingly.

2. The Board observe that nothing has been decided as to the provision of lecturers on Chemistry, Botany, and Geology, and the remuneration to be given. This is an important item of cost, and the decision of this question materially affects the estimate. Applications have been received and forwarded to Government through the Director of Public Instruction.

3. The preparation of plans and estimates for a permanent structure having been entrusted to the Public Works Department the Superintending Engineer, Chingleput, will be requested to state when they are likely to be ready for submission to Government.
