Dated 18-12-1875 196 .

Not to be folded or roughly handled

Proceedings of the Madras Government, Revenue Department,
18*th December* 1875.

No. 137. Read the following Proceedings of the Board of Revenue, dated 24th November 1875, No. 3,207 :—

Read the following letter from W. S. WHITESIDE, Esq., Collector of North Arcot, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Palmanair, 6th November 1875, No. 594.

As I consider it desirable that the new cutcherries lately built in this district should be each protected by lightning conductors, I have the honor to request that the Board will be pleased to move Government to authorize the District Engineer to frame an estimate of the cost of putting up such an appliance to each of the new cutcherries. The District Engineer states that the total cost will exceed Rupees 500.

SUBMITTED for the sanction of Government.

2. The Board are of opinion that lightning conductors should be added in the standard plan of taluq cutcherries, and that no Government building of which the form or material is such as to render it liable to be struck by lightning should be without them.

(A true Copy and Extract.)

(Signed) H. E. STOKES,
Acting Secretary.

No. 138. ORDER THEREON, 18th December 1875, No. 1,813.

Miscellaneous.

THE proposal that the cutcherries recently constructed in North Arcot should be provided with lightning conductors is approved. The necessary estimate will be prepared and submitted in due course.

2. Arrangements will be made in the Public Works Department for lightning conductors being added in the standard plan of taluq cutcherries.

(True Extract.)

(Signed) D. F. CARMICHAEL,
Secretary to Government.

To the Board of Revenue.
„ the Public Works Department.
