*Proceedings of the Madras Government, Public Works Department,
16th August 1875.*

No. 250. Read the following letter from Colonel A. S. MOBERLY, R.E., District Engineer, Cuddapah, to Lieutenant-Colonel, J. MULLINS, R.E., Officiating Chief Engineer, Public Works Department, dated Camp at Voilpaul, 2nd August 1875, No. 960 :—

I HAVE the honor to submit, for sanction, the accompanying plan (to be obligingly returned), abstract estimate, specification, report, and a duplicate list, amounting to Rupees 840, for repairing the Taluq chetty at Budwail, and to state that the estimate provides for a thorough repair of the building, which was found unsafe by the heavy rain of October last. As a general deal of the work is of an emergent nature I have directed to commence the work.

No. 251. ORDER THEREON, 16th August 1875, No. 2,347.

CIVIL WORKS, No. 17.

THE estimate is sanctioned, but the District Engineer should state how he proposes to provide funds. There are none at the disposal of Government at present.
