Cotacamund.

Sir,

In continuation of my letter No. 278 dated
12th August 1875, I have the honor to state that
the Tahildar of Kailakuntla reports that the
death referred to was not from cholera. He states
that 4 persons who newly arrived at the village
were attacked with dysentery through over-
eating, and one of them succumbed. There
have been no cases of cholera in this Taluk,
nor have any reports been received of the
outbreak of the disease in any other Taluk.

I have the honor to be

Sir,

Your Most Obedient Servant.
