PROCEEDINGS OF THE BOARD OF REVENUE, dated 26th July 1875.

the following Proceedings of the Madras Government, dated 7th June 1875, No. 885, Revenue Department:—

ABSTRACT.—*Nilgiri District*.—Thanking Mr. Robertson for his excellent and practical report on the agricultural conditions, capabilities, and prospects of the district, and directing the Board to take steps to circulate it widely and to render it as accessible, and with this view ordering it to be reprinted.

COMMUNICATED to all Collectors and the Superintendent of Government Farms.

2. An edition of 500 copies of the report had been struck off before receipt of the order of Government, and orders as to their distribution have been issued in separate Proceedings. It does not appear necessary to strike off more copies at present, but if a further supply should be required, the report will be printed in 8vo. as directed.

3. With reference to paragraph 4, the Board do not at present see much prospect of practical results following from the importation by Government of foreign cattle or sheep, and deem it preferable to defer taking action until those interested in the subject have had an opportunity of expressing their views through the Press or otherwise; should any definite and practicable proposals be forwarded, the necessary steps will be taken to give them effect.
