I have the honor to advise

Madras - 19 Apr 1875.

My dear Sir,
I have submitted
for the Legation appli-
cation for privilege
leave - and, as there
is no officer avail-
able with the Depart-
ment who could be
transferred to British
Straits Settlements, it will
be necessary to no-
minate a civilian
not connected
with the Dept at
present. I enquired

Office of the Legation

Dear Sir,

I have the honor to

acknowledge the

letter of 15th April 1875

dated 16th

1875

Adviseing the Dy
Commissioner of
the Straits Settlements
that the Legation is
in the possession of

of Col. Brewster if
he could let me have
one of his Agents who
has already done
service with the
Sentiment; he finds
that just at present
he is unable to ren-
der any aid.

I should, therefore,
venture to suggest
that Mr. Edward
Gibson be nominated
to act as Dy. Director
during Mr. Cligton's
absence. Mr. Gibson's
name I know was

once before ~~thoroughly~~
submitted to you, on a
like occasion by Mr.
Bamford, but his
services could not
then be shared —

should there be any
difficulty in moving
Mr. Gibson for only
three months; then
I would suggest, as
Mr. Cligton has
moved his office to
Hampshire and has
made that his N^o.
Quarters, that the Sub

Collector of Benin, be
appointed to act as
syndicate without
being under his
own duties. Hence-
en is the Mr. McWat-
ters station, and it
is in the centre of
our present operations.
Mr. McWatters could
probably undertake
the extra duty without
any disadvantage to
his own work, and he
would be back about the
time of the annual con-
ference early in Jan'y.
Probably the letter will be
the best arrangement yet made.
Yours truly, J. B. Ramsay

From
The Ag. Deputy Director
of Revenue Settlement
Canton.
To the Ag. Director of
Revenue Settlement
Madras.

I have the honor to
request that you will be
good enough to forward to Govern-
ment my application for leave
leave leave from an early date
in the month of October for a
period of 3 months under Section
21 of the Civil Service Code.
The declaration required by Section
22 of the same Code is enclosed.
I am very anxious for
private reasons, to visit England
at as early a date as possible.
I have been very nearly 11
years without a break in
this country, and as I am
particularly desirous, if
permitted to do so, to complete
the

The Settlement of the Coimbatore District in the conduct of which I have now been employed for 3 years. I shall probably not be able to take leave for some years to come.

3. I may add that I have satisfied myself that the leave applied for, if taken at once, will not prejudice the work in connection with the Pergar project, to which Government have deputed me in their order of the 16th ultimo No 1236, one of the most, if not the most important of my duties, will be to determine by experiment the yield of grain on the wet lands at present irrigated by the Vigey rivers, and I have ascertained from the Collector of Madura that the harvesting of the Chief rice crop under Vigey irrigation does not

Commence

931
Commence until about the 10th of January, by which date I shall have ~~returned~~ returned to duty. The intermediate time will be fully employed in preparing a map of the locality showing the boundary of each Village, Government or Suva, to be effected by the proposed project. The classification of the tract, with the preparation of rough field sketches which I would commence in January will I compute take me to about the end of April. If an Officer of the Department of Public Works is then deputed with me, it will be, with the aid of the field and Village sketches, and the Census of existing agricultural to determine further a month

or

or two what Villages and
lands may be most profitably
supplied with water and what
would be the settlement agree-
ment on the lands to be so
supplied.

4. The work in Ocmulgee
does not require my immediate
presence. Proposals for the
settlement of the 5 Salts, the
Classification of which has
already been completed, were
submitted to you on the 3^d.

Instant. The Classification
of two more Salts is pro-
ceeding rapidly, but it is
being carried on under
two thoroughly experienced
Supervisors under a system
which they thoroughly com-
prehend. The Classification
as it is finished is being
laid out into blocks, and
Sketch block Maps are
being prepared which will

make

1931/7
make the work of inspection
both easy and rapid.

I have the honor to be
Sincerely,
Ag. Sec. of the Interior
