Re

No. 289.

Har

A PIECE of level ground about [illegible] th, by 52 yards in breadth, easy of access from the Madras Railway, [illegible]ghbourhood of the north Pier at Royapooram, will be required for the [illegible] concrete blocks.

2. In discussing with Mr. Par[illegible] the arrangements for carrying out these works, the position of the blo[illegible] proposed in a comparatively open space near the beach at Royapooram, [illegible]ward of the Railway Company's boundary wall, as coloured *pink* on th[illegible] drawing.

3. Had the block ground been l[illegible] manner, two public latrines and three store-houses would have had to be re[illegible]irst of the three store-houses being now occupied by the Ordnance Departm[illegible] the Government (C), the second by the Collector of Madras (D), contains arra[illegible] the third, which is the property of the Peninsular and Oriental Steam Navigatio[illegible]ny by Messrs. Arbuthnot and Co. (E).

4. On examining the ground above [illegible]ed, after my arrival in this country, I found that a large main sewer, 10 feet i[illegible]ter, passes through it, in the position defined by dotted lines on the accompa[illegible] tracing. This sewer requires to be opened up from the top, and cleaned peri[illegible], at least once a year. Indeed, this operation is now in progress.

5. There appears to be no alternat[illegible]move the block ground, as originally proposed, 30 feet to the southward; and [illegible]uire the removal of two other buildings, one of them the property of th[illegible] and Oriental Steam Navigation Company (F) rented by Messrs. Arbuth[illegible], and the other occupied by the Department of Public Works (I).

6. There are two other store-house[illegible]lot of ground which do not require to be removed, both the property of [illegible]nt, one of them occupied by the Marine Department (H) and the other by [illegible]ic Works Department (G). These two buildings are conveniently situated fo[illegible]ed as cement stores for the Harbour.

List of Buildings for which possessio[illegible]ed for the Harbour Works.

iance coal store, arrack godown, and
transfer to the Superintendent of
Engineer will likewise be ready to
ver they are wanted. The Munici-
in building new latrines, and the
artment, to expedite the work.

2. It appears from G. O., 1 September 1850, that the P. and O. Company were permitted to co l sheds on Government ground under the stipulation of removing them e Government may require. Copy of these Proceedings will, therefore to the Company's Agent, through the Presidency District Engineer, wit at they may be placed at the disposal of the Harbour Superintendent for de n, their materials being disposed of as the Agent may wish. These buildings en vacant some time and are no longer required by the P. and O. Company nown from their having been sometime ago advertised by them for sale.
