Proceedings of the Madras Government, Revenue Department,
3rd September 1875.

No. 43. Read the following Proceedings of the Board of Revenue, dated 13th August 1875, No. 2,272:—

Read the following letter from A. McC. WEBSTER, Esq., Collector of South Canara, to H. E. STOKES, Esq., Acting Secretary to the Board of Revenue, dated Mangalore, 24th July 1875, No. 1,410:—

THE Sea Custom House at Baindur being in a ruinous condition, the Officiating District Engineer was requested to cause it to be inspected with a view to steps being taken to repair or renew it as may be necessary. In reply, Mr. Lawford informs me that, as described in detail in the accompanying specification report, the existing structure which consists of low mud walls and an old thatched bamboo roof is in a very dilapidated state, and is not suited for any public office, and that it is unadvisable to have any extraordinary repairs executed to it. Under these circumstances, I agree with him in considering that an entirely new building of a suitable description should be constructed.

2. A plan of the Sea Custom House proposed to be newly built is enclosed. It contains two rooms, one for the office, and the other for records, with a verandah in front, and is, I think, well adapted for the requirements of the port. I beg, therefore, to recommend that the accompanying estimate, amounting to Rupees 1,200, may be sanctioned, and funds provided for carrying out the work, if possible, this year.

	Value of Exports.	Value of Imports.	Duty.
	Rs.	Rs.	Rs.
(a) Baindur	20,206	26,707	77*
Kumbla	93,404	7,054	141

* Exclusive of Rs. 2,305-8-0, being amount of duty levied on salt and credited to Salt Revenue.

(b) G. O., 18th June 1873, No. 620, Revenue Department.

3. The trade(a) of this port is similar in importance to that of Kumbla, where a new Custom House was built in 1873-74 at a cost of Rupees 1,730(b).
