Taluq Cutcheries.

Read the following papers:—

No. 120. From Colonel E. A. FOORD, R.E., Superintending Engineer, Bellary, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, Fort St. George, dated Bellary, 31st July 1875, No. 863.

Under paragraph 102, Chapter 5, of the Public Works Code, I have the honor to forward, for the sanction of Government, a plan and estimate of Rs. 775, accompanied by a specification, for repairing the Taluq Cutcherry at Gooty, as the estimated amount exceeds one-fourth of the value* of the building.

* Rupees 1,000.

2. From the current year's grant of Rupees 1,500 for "Repairs to Revenue &c., Buildings," "Provincial," a sum of Rupees 1,253 has already been appropriated, and there is only a balance of Rupees 247 available for appropriation against a sum of Rupees 531, to works under progress, as will be observed from the enclosed statement. A further grant will, therefore, be required under this head; and an application will be made for the necessary amount, after the third quarter of this year has expired, as directed in the Chief Engineer's Circular Order, No. 492, dated 4th July 1874.

3. I may mention that almost all the public buildings in this district being very old, a large sum of money is necessarily required to keep them in repair.

—
No. 573.

Referred to the Judicial Department for consideration whether it is advisable to spend Rupees 775 on a building valued at Rupees 1,000.

Secretary to Government, P.W.D.

OOTACAMUND,

—
No. 517.

Referred to the Magistrate of Bellary for his opinion whether the proposed expenditure should be incurred.

OOTACAMUND, (Signed) D. F. CARMICHAEL,
29th September 1875. Officiating Chief Secretary.

No. 121. From J. H. MASTER, Esq., Magistrate of Bellary, to the Honorable D. F. CARMICHAEL, Officiating Chief Secretary to Government, Fort St. George, dated Bellary, 21st October 1875, No. 104.

With reference to your endorsement, No. 517, Judicial Department, dated the 29th ultimo, on a letter from the Superintending Engineer of Bellary, No. 863,

*Proceedings of the Madras Government, Judicial Department,
29th October 1875.*

dated the 31st July last, to the Secretary to Government, Public Works Department, I have the honor to state that, in my opinion, the expenditure should be incurred.

2. It is true, as the Superintending Engineer states, that the building is an old one, but it is not likely that a new Cutcherry on the Standard Plan can be built for some years to come at Gooty, many other public buildings being more urgently required in other parts of the district.

3. The sum if laid out will not be lost, for when a new Cutcherry is built and the present one sold, a good price will probably be realized for it, as the site is valuable.

4. All the papers are herewith returned.

No. 122.

ORDER THEREON, 29th October 1875, No. 2305.

Under the explanation afforded by the Magistrate, the Governor in Council sanctions the estimate for Rs. 775 for repairing the Taluq Cutcherry at Gooty.
