With reference to paragraph 1 of G.O., No. 2,248, dated 4th August 1875, I have the honor to submit herewith, after communicating with the Collector, a revised list of works for entry in the Provincial Budget for the ensuing official year.

2. The Collector states that the three works entered in the list are of equal importance, and that the building for the Senior Assistant Collector's Cutcherry at Parvatipore, for which provision was made in my Budget, dated 28th September 1875, is not urgently needed.

Waltair,

(Signed) J. W. HINDLE, Major,
Offg. District Engineer, Vizagapatam.

From F. BRICKWELL, Esq., C.E., Assistant Engineer in charge of Golgondah Range, to Major J. W. HINDLE, Officiating District Engineer, Vizagapatam, dated Yellamunchelly, 28th September 1875, No. 182.

With reference to your endorsement, No. 868 of the 2nd instant, on the G.O., No. 2,248, of the 4th ultimo, requesting to state at whose instance the estimate for improvements to the Nursipatam Cutcherry was prepared, I have the honor to enclose a copy of the letter received from the Principal Assistant Collector, in which he asked my opinion whether a new Cutcherry should be built for the Tahsildar at Nursipatam, or whether it would be worthwhile to repair the old one. This matter I brought to your notice in my No. 671, of 2nd September 1873, in which I requested you to furnish me with a plan, which was prepared and sent to me with your letter No. 453, of the 1st June 1874.

2. I further have the honor to refer you to G.O., No. 1,691, of the 24th June 1874, which contains the list of Civil Buildings submitted by the Board of Revenue for guidance of District Engineers in preparation of plans and estimates for future Budgets.

Proceedings of the Madras Government, Public Works Department,
2nd November 1875.

From A. CRUICKSHANK, Esq., Principal Assistant Collector, to F. BRICKWELL, Esq., C.E., Assistant Engineer in charge of Golgondah Range, Yellamunchelly, dated 12th May 1873, No. 132.

THE Cutcherry of the Tahsildar at Nursipatam is in very bad order, and I have therefore the honor to request that you will be good enough to take steps to have it repaired.

2. I myself do not think that there is much use in spending much on repairing it, for a new one must, I should think, be built soon.

3. I shall feel obliged by your letting me know what you think of the building, so that if you think spending much on repairing it would be merely wasting money, I may write to the Collector and request him to take steps to have the construction of a new Cutcherry sanctioned.

No. 33. ORDER THEREON, 2nd November 1875, No. 3,102.

CIVIL WORKS, No. 2.

ORDERED to be recorded.

2. The list of works is for the District Engineer's guidance in the preparation of plans and estimates, without previous [illegible]ction of which no entries can be made in Budget Lists.
