Proceedings of the Board of Revenue

Dated 17th November 1875

Read Proceedings of the Madras Government Public Works Department, dated 3rd November 1875 No: 3107. passing orders on correspondence between Controller of Public Works Accounts, and Accountant General, Public Works Department, relative to the preparation of Appendix A of the Budget Estimate.

The Board observe that the Local Fund Budgets, are under G.O. 6th April 1875, to be forwarded to the Public Works Department in order that the requisite Subheads may be made from them for the

general Budget of the Department and the particulars required for Appendix A. should be subjected with the observation that Department.

2. The Board have not particulars of the localities comprised in ranges, but Sh. I B. which is one of the local fund budget statements distributes the outlay on roads, new works and repairs by Talugs; and this will facilitate the preparation of the Appendix so far as road works are concerned. The locality of new works under other heads will always be ascertainable from Sh. II. A. part I; but there are other allotments, such as maintenance grants for avenues, lump allotments for construction of school houses to be appropriated in detail afterwards; and as to these there may be some difficulty. It is now too late, many of the budgets having been sent to Government, to get the necessary information for 1896-7; but instructions will be issued in time to secure it in future years.
