Read the following letters :—

No. 121. From Colonel C. V. WILKIESON, R.E., Superintending Engineer, Coimbatore, to Major-General G. W. WALKER, R.E., Secretary to Government, Public Works Department, dated Coimbatore, 23rd February 1875, No. 148.

With reference to G.O., No. 1,691, of 24th June 1874, I have the honor to submit, for the sanction of Government, the undermentioned estimates prepared on the standard plans approved in G.O., No. 795, of 23rd March 1874 :—

1 Detailed Estimate.
2 Abstract Estimates.

		Rs.
I.—	Constructing a first-class Taluq Cutcherry, Subsidiary Jail, and out-houses at Sattyamungalum	23,800
II.—	Do. do. do. at Pulladum	23,800
III.—	Do. do. do. at Collegal	26,200

The works have been entered in my Provincial Budget for 1875-76, Items Nos. 11, 12, and 13.

No. 122. From the same Officer, dated Coimbatore, 25th November 1875, No. 92.

In returning the notes of remarks on the estimates for constructing Taluq Cutcherries at Sattyamungalum, Pulladum, and Collegal, received with the Under Secretary's Memorandum No. 642, dated 9th October 1875, I have the honor to state that my replies to the remarks are given in the margin of the notes as requested, and that as the estimates were submitted in February 1875, or prior to the receipt of the standard estimate (received with G.O., No. 1,986, of 13th July 1875,) accurate comparison cannot be made with the latter.

1 Notes of Remarks.
4 Comparative Statements.
1 Specification.

2. The standard plan of Taluq Cutcherries was not exactly adhered to in framing the estimates under reference, as the plan is in some respects modified, for instance the omission of Post Office and the alterations to the iron bars, &c., for Subsidiary Jails and Treasury doors.—*Vide* G.Os., No. 73 of 11th November 1874, and No. 1,288 of 13th May 1874.

3. A specification is herewith submitted.

4. As the sites for the Cutcherries have not as yet been definitely fixed, a sketch plan showing the position of the building, the locality, the nature of soil, &c., cannot be forwarded.

5. The estimates now submitted provide all requirements as at present ascertained, and there would be no necessity for supplementary estimates.

No. 123. Order thereon, 7th December 1875, No. 3,474.

CIVIL WORKS, No. 10.

Proceedings of the Madras G... ...t, Public Works Department,
7th December 1875.

2. The Superintending Engineer will take care that face-bricks of good quality are used so as to admit of the pointing of the exterior in lieu of plastering, the former being a feature in the Consulting Architect's design; and that bricks on edge should be substituted for chunam floors.

3. The estimates will be entered if practicable in the Budget of 1876-77.
