17. Of the demand for New Works, Rupees 1,25,490 are for works in progress, and Rupees 5,26,750 for New Works. Of the former the following is a detail:—

	Estimate.	Likely to be spent to end of 1874-75.	Grant, 1875-76.

Total ...	...	...	1,25,490

A grant of Rupees 1,25,000 is passed for these works.

18. Another work, not entered above, which would appear to be in progress, is—

No. 4 Block of Barracks at Wellington—Estimate	Rs. 1,41,430
Computed outlay to end of 1874-75	,, 4,000
Required for 1875-76	,, 60,000

Information should be afforded as to whether this work is really in progress, and if so, on what authority, as there is no provision for it in the Budget of 1874-75, nor has any re-appropriation of Budget credits been sanctioned for it. Explanation as to the need for the work should also be furnished, and it should be asked what number of men is to be accommodated in it. And inquiry should be made whether there are any more works required at Wellington which, with the cost of the present building, is likely to aggregate more than the sum (2 lakhs) which the Government of Madras can sanction.

19. Another work calling for notice is the "new Canteen, Parade Barracks, and new Recreation room Barracks at Bangalore." A grant of Rupees 25,000 was passed for this work in the Budget orders of 1874-75, on the distinct understanding that no expenditure whatever was to be incurred until the estimate was sanctioned by competent authority. For 1875-76 the Government of Madras ask for Rupees 40,000 for this work, but that Government is reminded that the estimate will require the sanction of the Government of India, since the work would appear to form portion of the general Barrack scheme known as the Race-course and Parade Barracks.

20. For New Works the sum required is as follows:—

	Works which estimates have been sanctioned by Government of India.	Works for which estimates have been sanctioned by Government of Madras.	Works for which estimates have still to be sanctioned.

21. It is not possible to allot a larger grant than Rupees 1¾ lakhs for these works, and it is left to the Government of Madras to select the items to which the grant should be applied.

22. Of the demands for New Works the following call for notice:—

I.—Conversion of Public Works Workshop building at Chepauk into a Military Hospital, Rupees 20,000. No estimate. Information of the probable cost of this work, and the reason for its construction should be furnished. Particulars should also be afforded whether a new Public Works Workshop will be needed in place of the one it is proposed to convert into a Military Hospital.

II.—Entire set of new lines at Poodoopett, Madras, Rupees 40,000. No sanctioned estimate. Against the amount of Rupees 40,000 the demand statement contains a marginal remark of "Public Works Department." There is another marginal remark of "Military Department, Rupees 60,000," thus indicating that the cost is to be divided between the Budgets of the Military and Public Works Departments. The item should be referred to Military Department.

III.—Double-storied Barrack for 200 men, family quarters for 30 men, and new double-storied Hospital at Poonamallee, Rupees 1,00,000. No estimate. Explanation should be furnished as to the necessity for the works.

IV.—Works connected with the scheme known as the Race-course and other barracks at Bangalore. The works which appear to have been sanctioned by the Government of Madras are—

	Rs.
Hospital Serjeants' quarters* for 3rd pavilion of Hospital ...	2,850
New Canteen, Parade Barracks ...	32,400
Recreation room	31,800
Road to Barracks	9,200
Drainage of Barracks	40,400
Total...	1,16,650

* The estimate for the hospital and quarters for Resident Medical Officer has been sanctioned by Government of India, and is entered in the present demand statement.

The Government of Madras is reminded that, as these works form portion of a larger scheme, the total of which is over 2 lakhs, no expenditure can be incurred until the estimates for them have been sanctioned by the Government of India.

V.—For works at Bellary the following works are entered in the demand statement:—

	Rs.
I.—Additional Barrack for European Infantry	95,600
II.—Canteen	17,860
III.—Recreation room	12,060
IV.—Skittle Alley	4,520
V.—Latrine for Guard-room and School	3,060
VI.—Blocks of huts for Hospital servants	11,290
Total...	1,44,390

It should be stated whether there are other works wanted that will raise the total over 2 lakhs and so necessitate the submission of the estimates to the Government of India for sanction.

VI.—New Lock Hospital at Wellington, Rupees 12,720. No estimate. As a rule, Cantonment funds are liable to bear charges for Lock Hospitals. Information is needed why Imperial funds should meet the charge in the present case.

23. For Minor Works the demand is ... ... Rs. 1,67,500

	Rs.
Grant, 1874-75	84,000
Outlay, 1873-74	62,830
1872-73	54,620
1871-72	32,194
1870-71	20,762

The Government of India consider that the grant for next year should be limited to that of the current year, viz., Rupees 84,000.

24. For Repairs the demand is the same as that of the current year, viz.— ... ... Rs. 2,50,000

	Rs.
Outlay of 1873-74	2,59,700
1872-73	2,43,070
1871-72	2,23,485
1870-71	2,23,005

The amount demanded is passed in full.

25. The figures for Establishment and Tools and Plant are—

	Establishment.	Plant.
	Rs.	Rs.
Demand, 1875-76	67,[illegible]	32,093
Grant, 1874-75	[illegible],000	8,600
Charges, 1873-74	1,19,080	15,100
,, 1872-73	1,03,020	20,890

The total demand having been reduced, the provision for Establishment and Plant will likewise have to be reduced, the former to Rupees 1,51,000, and the latter to Rupees 15,000. The attention of the Government of Madras is drawn to the circumstance that, with a demand of Rupees 13,69,271, the sum for Tools and Plant is Rupees 32,093; whereas the Government of Bombay, with a demand of Rupees 50,06,500, has allotted Rupees 25,000 only for Plant.

26. On the whole, the grant to Madras for next year will be—

	Rs.
Works in progress	1,25,000
New Works	1,75,000
Minor ,, ...	84,000
Repairs	2,50,000
Establishment	1,51,000
Plant	15,000
Total ...	8,00,000

IV.—*Summary.*

63. The following table brings, in one view, the total grant herein allowed for 1875-76, compared with the demand for the same year and the grant of the current year.

Government.	Major Works. In progress.	Major Works. New.	Minor Works.	Repairs.	Establishments.	Plant.	Total.	Demands, 1875-76.	Grants, 1874-75.	Grant, 1875-76, less than demands.	Grant, 1875-76, more than 1874-75.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Madras ...	1,25,000	1,75,000	84,000	2,50,000	1,51,000	15,000	8,00,000	13,69,271	7,00,000	5,69,271	1,00,000

64. It will be seen that the grant for 1875-76 amounts to Rupees 10 lakhs in excess of the allotment for 1874-75, thus distributed :—

	Rs.
For works under Bengal, North-Western Provinces, Punjab, Assam, Coorg, and Port Blair	1,00,000
Works under remaining Governments	2,74,000
Under Inspector-General	6,26,000

65. It is to be understood that in the preparation of the Budget Estimates for Military Works, while the total of the grant allowed to each Government must be adhered to, the distribution of the several grants as shown in the preceding table may be altered to meet the circumstances that may arise when the Budget Estimate is prepared. But a close approximation to the distribution made above is expected.

66. The grants allowed include provision for stores in England on account of Military Works, and the Budget Estimates should be prepared accordingly. The grants for the Barrack Department in those Provinces in which such grants are included in the Public Works estimates will be in addition to the grants therein allowed. In the preparation of the estimate, care should be taken that the estimate for repairs is classified under the heads given in Public Works Department Circular No. 60 of 1874, and the entries detailed in the manner required in Budget Orders from time to time. And in the case of Original Works, the instructions issued for the sub-division of the provision into Classes A, B and C, as detailed in Public Works Department Circular No. 43 of 1874, should be adhered to.

67. It is observed, in conclusion, that in many cases the estimates for several of the works will be within the competency of the Local Governments to sanction, but the Government of India consider that in all such cases an explanation should be furnished, either in the transmitting letter of the preliminary Budget Estimate, or with the transmitting letter of the Budget Estimate itself, of the necessity and urgency of the several works, and whether the needed accommodation could not be provided for in existing buildings, or by adapting existing spare buildings to the purpose.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and the Punjab, in the Public Works Department.
The Chief Commissioners, Oudh, Central Provinces, British Burmah, Mysore and Coorg and Assam.
The Resident at Hyderabad.
The Agents of the Governor-General for Central India and Rajpootana.
The Superintendent of Port Blair, and Chief Commissioner, Andaman and Nicobar Islands.

ORDER.—Ordered that this Resolution be communicated to all Local Governments and Administrations, and to the Inspector-General of Military Works, for information and guidance.

Ordered also that a copy be forwarded to the Military and Financial Departments for information.

(Signed). C. H. DICKENS, Colonel, R.A.,
Secy. to the Govt. of India.

(a) An assumed amount, no demand statement having been received.

2. In the preceding table the amount set down as the demand for 1875-76 for the Godavery Navigation Works, and for Port Blair, are the grants for 1874-75, demand statements for next year not having been received. The Godavery Navigation Works will probably be Provincial, but the want of precise orders to this effect renders it desirable to provide for a grant for the works under the head of Imperial Ordinary.

3. The grants that it has been decided to allot provisionally for next year will be mentioned in the order of the heads of service given above.

9. Compared with the outlay of previous years, the sum required for Minor Works would seem to be somewhat excessive, but the only reduction that need be made is in the case of Assam, the North-Western Provinces, and Oudh. For Assam, the sum required by the Chief Commissioner, Rupees 2,285, is reduced, being in excess of that considered necessary by the Director-General.

14. The provision for 1875-76 is about Rupees 10,000 in excess of the grant for 1874-75, and is three times as much as the outlay of 1870-71.

18. On the whole, the grant for Post Office Works for next year is as follows :—
